Silence Broken: Filmmaker Tells Story of Korean Comfort Women

**Amy Lauzenmore**

**Daisy S. Kim-Gibson, a Korean filmmaker and professor of film and media studies at Ursinus College, will be the guest speaker for the March 6 screening of her documentary, "Silence."**

Kim-Gibson has spent the last five years collecting and interviewing Korean women who have told their stories of working as comfort women for Japanese forces during World War II. She was inspired to make the film after attending a lecture with the East Asian Studies faculty at Ursinus College. Her visit, on April 3, 2003, was an eye-opener for the faculty and students, and it helped to set the stage for the screening of the film, which is based on her book of the same title.

Kim-Gibson will be screening her film "Silence" at an event to be held on March 6, 2004, at Ursinus College. The screening will be followed by a discussion with the filmmaker and other experts.”

---

**Silence**

Silence was directed and produced by Daisy S. Kim-Gibson, a Korean filmmaker and professor of film and media studies at Ursinus College. The film tells the story of Korean women who were forced to work as comfort women for Japanese forces during World War II. Kim-Gibson spent the last five years collecting and interviewing these women to create the documentary.

The film was screened at Ursinus College on March 6, 2004, and was followed by a discussion with the filmmaker and other experts. The screening was part of a larger event that included a panel discussion on the topic of comfort women. The event was well attended, with over 100 people in attendance. The screening and discussion were highly praised for their ability to raise awareness of this important issue.

**Is Registration a Class Act or a Big Headache?**

**By John E. Smith**

Every semester, Ursinus students flock to the registrar’s office in hopes of securing their desired classes. The registration process can be a daunting task, but with some tips and tricks, it can be made much easier.

1. **Plan Ahead:** Before the registration process begins, make a list of the classes you need to take. This will help you avoid any confusion and ensure that you have all the necessary information ready.

2. **Check the Schedule:** Make sure you check the class schedule to ensure that the class you want is available. Some classes may fill up quickly, so it’s important to act fast.

3. **Register on Time:** Registration often opens at different times for different groups of students. Make sure you register during the correct time frame to avoid any surprises.

4. **Seek Help:** If you’re having trouble registering for a class, don’t hesitate to seek help. There are usually helpful advisors available to assist you.

5. **Stay Organized:** Keep track of your Progress by creating a spreadsheet or using an online planner. This will help you stay organized and ensure that you don’t miss any important deadlines.

By following these tips, you can make the registration process a smoother experience and ensure that you get into the classes you need to succeed. So don’t wait until the last minute—start planning now!
**If Environmentalists Succeeded, They Will Make Human Life Impossible**

Michael S. Börner

Grizzly Staff

Earth Day approaches, and with it a grave danger faces mankind. The danger is not from aliens, global warming, or removal of the begging bowl from dogs; the environmentalists would have us believe. The danger is to mankind in frontoenvironmentalism.

The fundamental goal of environmentalism is not clean air and clean water, rather it is the destruction of technology and industrial civilization. Their goal is not the advancement of human health, human happiness, and human life, rather it is a substitute world where “nature” is worshiped like some sacred primitive religion. In a nation founded on the frontier spirit, they have made “development” an evil word. They prohibit not the pollution of asphalt oil, oil drilling, nuclear power, and every other “pestilent canals” beauty. Housing, commerce, and jobs are sacrificed to spotted owls and small career. Medical research is sacrificed to the “right” of race. Landscaping is sacrificed to the “right” of trees. No instance of the progress which brought man out of the cave can be tolerated from the enfant of the “protesting the environmentists.”

The expressed goal of environmentalism is to prevent man from changing his environment, from improving his environment. The environmentalists is the “enemy of man, the enemy of humanity.” The environmentalist is not born in servitude. He has a reason and individualism, a reason and individualism. He has a reason and individualism.

But other peoples’ sexuality really doesn’t interest me, and I am intelligent enough to know the difference between sexuality and lifestyle, and which is really important. One of the benefits of education is the ability to make a choice. It is the naked human right to make a choice. It is the naked human right to make a choice.

Go "Loco" 
For Coco

Julia Campbell
Grizzly Arts & Entertainment

Returning to campus from an active spring break, vacation can have many wishes they were on a beach skipping pizza and soda, or that summer has started already and we are far away from the stresses associated with the Liberal Attitudes.

Look no further! This week we bring you a few tropical favorites that will make you feel like you were back in the Caribbean looking out across the sea in a land of "no worries."

For the Under 21 Crowd: "Accomplished Gold" 
2oz Pineapple Juice 
1oz Cosmopolitan 
1oz Whipping Cream 
2oz Cointreau 
Crushed Ice
Mixing: Mix all ingredients in blender until smooth. Pour into glass and add a dash of nutmeg. Enjoy!

For Coco: Over 21 "Coco Loco"
Ingredients: 
5 oz Light Rum 
2 oz Amaretto 
1/2 oz Pineapple Juice (unsweetened) 
1 oz of Cream of Coconut 
1/2 oz Pineapple Juice 
1 tsp Grenadine 
1 oz Amaretto
Mixing: Mix all ingredients in blender until smooth. Pour into glass and add a dash of nutmeg. Enjoy!

For the Under 21 Crowd: "Accomplished Gold" 
2oz Pineapple Juice 
1oz Cosmopolitan 
1oz Whipping Cream 
2oz Cointreau 
Crushed Ice
Mixing: Mix all ingredients in blender until smooth. Pour into glass and add a dash of nutmeg. Enjoy!

Once again this year, UC students and faculty have proved that they are really good at lip syncing and choreography. The event is fun for everyone and all proceeds go to a great cause: this year’s Airband helped raise money for the Philadelphia Ronald McDonald House.

With donations from Airband members, radical faculty and the Pennys Wars, Ursinus donated over eleven thousand dollars to the Philadelphia Ronald McDonald House. The Philadelphia Ronald McDonald House is an establishment that provides facilities for families of seriously ill children and their families.

This year’s Airband co-chairs were Katie Higgins, Ryan McLeod, and Seth Ratafchi. A great show for everyone’s enjoyment. With the help of faculty and staff, there were 16 judges that evaluated each performance.

Starting off the show, just as they have every year, were the "wonderful faculty and staff. Called the Jackson 13, the group performed, which was greatly enjoyed by the audience. Other performances included a group of freshmen performing to Wyclef Jean's "2000, a performance of Bayside, Phi Alpha Psi performing to Jodeci's "Ridin' down the Road," a performance of "Hot Nasty," Philadelphia and Sigma Sigma Sigma's "Hot Knock Life." Finally, returning from a one year hiatus, the Love Rangers performed an 80's rock medley which was an instant favorite with the audience.

Before the winners were revealed, the Airband co-chairs announced that the Junior Class had won the penny war. The president of the Junior Class, Jim Pettis, unveiled a pit in the face of Resident Director Brian Stephens. Then the winners were announced:

Best Choreography: The Escape Velocity Dance Team performing Off the Block Range from the movie Chicago.
Best Costume: Tau Sigma Gamma performing the Same Now and Then with music by various artists.
Best Comedy: We'll Be Right Back performed a Saturday Morning Melody with music from various cartoon theme songs.
Best Theme: Everyone’s Girls performed Men in Black by Will Smith.

With such wonderful performances, the audience was well entertained for the evening. Next year's Airband performers certainly have their work cut out for them.

Women's LAX Can't Stop the Rain

Erik Davis
Grizzly Sports Writer

The UC Women's lacrosse team hasn't seen action since April 5 due to the inclement weather this spring. The Lady Bears are currently 500 with a record of 4-4 overall and 2-2 in Centennial Conference action. In their last match-up they were defeated by Franklin & Marshall in Lancaster, 19-7. This snapped a three game winning streak that included conference wins over McDaniel (15-9) and Haverford (19-13), and highly ranked Rowan (35-11).

Freshman standout Julie Gratille and junior Emily Dorlow, who each scored twice, led Ursinus. On the season Durham finds the Bears with 28 goals and 42 total points. Melissa Scholl has played every minute in goal for the Bears and registered 92 saves. Leigh Maggi, UC's defensive leader is still optimistic on the season, "I hope to get back out there and finish out the conference season on a winning streak, giving us a chance in the Centennial Conference tournament."

Come out and show your support for the Lady Bears as they hope to see action this Thursday, April 17 at home against Bryn Mawr.

UC Softball Beats F&M Move into Second Place in CC

Mark DiCicco
Grizzly Sports Writer

The Ursinus Women's Softball team moved two wins to the top of the conference this weekend after winning both games of their double header against Franklin & Marshall. This moved them up to second place in the Centennial Conference. Ursinus defeated Franklin & Marshall in the first game 3-1. The Bears scored all three runs in the second inning.

A single by Gina Salvi scored the first run of the inning. Kim Pasha brought in the next two runs with another single. Sophomore pitcher Erin Skinner only allowed eight hits and struck out six to help the Bears keep the lead in the second half of the double header. Ursinus' first run was batted in by freshman Marci Logan. Kristen Gilic was walked and later stole home to score the second run of the inning.

Jamie Redding stepped up to the plate and singled in which brought in Logan to score Ursinus' third run. Pitcher Amanda Wilson kept Franklin & Marshall scoreless and finished out the game for the win. Come support the Bears in their next home game this Saturday, April 19, against Gettysburg.

Phillies Showing Signs of Life

Jon Dennis
Grizzly Sports Writer

If winning three straight games isn't enough, the Phillies are proving to Major League Baseball that they mean business with a potent lineup.

The Phillies (8-5) are off to a good start, as they remain one game behind the first-place Montreal Expos in the NL East. Acquiring Jim Thome in off-season has allowed the Phillies to strengthen the middle of their lineup, and the acquisition of David Bell has enabled them to have a strong glove at third base, along with Jeff's ability to get key hits to help his team win games.

Kevin Millwood, a pitching acquisition in the off-season, has also made his presence felt in the Phillies' starting rotation. The thing that has really helped Philadelphia in fact there is no move chip-house headed by manager, Larry Bowa.

The days of complaining about Bowa's style of emotional managing are over due to the changes that Jim Bunning, of Travis Lee, Marlon Anderson, and Scott Rolen. The changes allowed the clubhouse to be filled with players who live and breathe the game of baseball. The maturity, talent, and readiness of this year's Phillies have proven that they can score runs, as they lead all of baseball in runs scored with 96 runs and 82 RBIs as of April 15. They are also 8-5 in the Majors with a combined team batting average of .277.

Jim Thome has 14 of those RBIs as he leads the team. Thome along with Mike Lieberthal, Placido Polanco, and Jimmy Rollins are all hitting above .300 as well.

As for the pitching, they are average in the Majors posting a team ERA of 3.87. However, this is much better than last year.

Kevin Millwood, acquired from the Braves during the off-season is 2-0 with a 3.00 ERA, and Randy Wolf is also 2-0 with an ERA of 2.55. Vincente Padilla has (8-5) with a record of 2-0 for the Phils.

These numbers from the offense and pitching staff are pretty impressive thus far. All that Phillies fans can hope for is that the team stays healthy and keep playing good fundamental baseball.

It's still early yet, but the Phillies are showing signs of serious contention in the National League, as they are looking to blunt their rivals and wreak havoc on opposing ballclubs.
