Petitions Concerning Student Union Being Circulated

Petitions are being circulated this week by members of the student body. The students who are responsible for them are to be found in the classroom of Mr. Cruise. The petitions are signed by students who are willing to donate their 50 cents a year to the construction of a Student Union on the Ursinus campus.

The petitions will be signed by classes, each student putting his name to the petition of his class. In this way it will be determined which classes wish to have the Student Union, and it is the privilege of the classes to design the Student Union to which they are subscribed. Each petition must have at least 120 signatures before it will be passed on to President Moore. The petition which has the most signatures will be considered the most popular. The Student Union board of directors for approval.

'Sari' Committees Begin Work for Spring Musical

Committees to work out the details of the spring opera, which will be presented by the committee, have been appointed. The details which must be worked out are the selection of the cast, the costumes, the properties, and the music. The committee is to be supervised by the chief director, Mr. Haakon.

Carl Summer '52 will be in charge of the publicity and Ken Sherr '52, a student in the business committee, will be in charge of the business. Mr. Cruise has appointed Robert Samler '52 heads of the committee. He has decided that the committee should be as large as possible and that they should be as early as possible. The committee has been established in order to prevent the possibility of an accident.

There will be an important business meeting of the Board of Directors of the Student Union on Wednesday, March 10, at 4:30 p.m. All members are required to be present.

The Board of Directors of the Student Union met this week and discussed the plans for the coming season. The main topic of discussion was the selection of the committee which will be in charge of the business. The committee has been selected from the students who have expressed an interest in the work.

The committee is composed of John Moser '52, chairman, and David Hess '52, secretary.

Dr. Roy Devises Penalty Plan For Cheating

On the Men's Student Government beaches was the question of cheating. The problem, the president said, was the lack of understanding of the seriousness of the problem. A plan for dealing with cheating was presented to President Norman E. McClure, and was adopted by the council before it was published. The plan, if accepted, would involve the elimination of all cheating on campus.

The plan, if accepted, would involve the elimination of all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus. The primary objective of the plan is to eliminate all cheating on campus.
They Say... by Jennie Graf '52

We are not extremely bright ourselves, but we know people who are and in some way or other we have become quite attached to the Rotary Club of Easton. We do so, to see their appellation other than it. Hope the new one will be as persuasive as the old.

Did you know that living expenses have increased in the past few decades, and that two can only live as cheaply as two? Well, unless you're restricted you expect you have already discovered these amazing facts. But let us be straightforward about this whole thing. The recent Marriage Seminars have been an outstanding disappointment. Students who are correctly making plans for marriage at the present time are quite aware that prices are rising, as is any student. Those who attend the lectures might find exact comparative percentages of price scales and wages in certain localities of interest, but the "glittering generalities" being tossed at them now are useless. It is a shame that the lectures cannot be a real help to the student who in planning marriage. We have the speaker, we have the audience, and we have one of the most important subjects possible. Why waste the entire situation.

You've heard of it raining "candy and dogs," but last Thursday at 2:30 it rained ice cream cones at the east campus.

They say there are new late permission on probation this semester. We know you've examined them, because we've heard you talking about them. Fact: free campus events other than basketball games (count them on your hand) and plays (there are two) last fall; 80% of this rather "muds and ashes" extent of the new privilege, really intended to be in the alteration of the false permissions extended on Friday. The major drawback; no enjoyable punishments for overextending time limits and things can be remedied by many intelligent plans. We have heard you suggest such. They have been saying a lot, will anything constructive be accomplished? "All those who violate the campus parking laws will receive a set fine for the said violation. This action will be without discrimination. Is this the law? If it is, why were faculty cars allowed to arrive in the staging of hymns.

(Ed. Note: The editorial above is one of two written and selected for publication as guest editorials in the Weekly by members of Mr. Godfrey's composition class. It was written by Phyllis Bauman '52.)

AMIDST THE MADDING CROWD

Egyptian Diplomat 'Gagged' by Richard Richter '53

When Egyptian diplomat Saleh Mahmoud visited here recently and defended his country's position in its dispute with Great Britain, his remarks raised a question or two.

Among other things, he said that Egyptian nationalism has nothing to do with Communism and the resulting propaganda, has practically non-existent in Egypt. Foreign correspondent Morley Cassidy, of the Philadelphia Bulletin, has some interesting remarks on this subject.

Cassidy quoted all the leaders of the national movement, from the 'liberation battalions' to the Socialist party and the student groups in the universities of Cairo and Alexandria. The Communists carry the mobs to "the party line," he said. "Don't write one plan. They have seized control of the still smaller labor organization in Egypt. In addition, they have taken control of the press in Egypt and they are mixed up in the national movement."

"There is no doubt that there is in reporter Cassidy's picture, but it is not unsafe to assume that there is some truth behind it. But if there is, diplomat Mahmoud's statement is necessarily fallacious.

PASCHAL VERSUS FEAST

There is another cavil with regard to Mr. Mahmoud's talk. He was convicted that, although Egypt has its internal problems, and that the present Egyptian government would be capable of dealing with them and solving them once the British get out. Farther, our appetite for nationalism, he seemed to say, and we will get up a very small but consistent amount of practice this can be done in spite of the "glittering generalities" being tossed at them now are useless. It is a shame that the lectures cannot be a real help to the student who in planning marriage. We have the speaker, we have the audience, and we have one of the most important subjects possible. Why waste the entire situation.

Foul Shots Spell Loss to Bears, 64-63
Two foul shots by Bill Banks with only seventeen seconds to play spelled the difference in the Bears' 64-63 victory over Juniata.

Grizzlies Down Dragons, 18-12
The Bruning wrestling squad brought its winning streak on down on its season by downing Drexel, 18-12. On Wednesday nights every grizzly in the gym was on the alert as the Bears and Dragons battled for the top spot in the league.

The Bears were able to get but one shot in the remaining second as the Dragons ran out the clock.

The game as a whole was as close as the final few seconds. Drexel took a 1-0 lead in the 1st quarter led chiefly due to Basil Barno's work on the floor. The Bears tied away to a 33-30 halftime margin. The loss in the score was credited to Reineer, thus giving the Bears a 5-3 lead. The final score was credited to Reineer, thus giving the Bears a 5-3 lead.

Bob Outh won 10 points over his weight in the 149 division but in the opening quarter, the heavy but Dave Rice retired. The Bruins entered the match, Bob suffered an injured side; however, the Bruins had the advantage of the quarters but in the first half, the twin pins put them in the lead.

Bob Outh won 10 points over his weight in the 149 division but in the opening quarter, the heavy but Dave Rice retired. The Bruins entered the match, Bob suffered an injured side; however, the Bruins had the advantage of the quarters but in the first half, the twin pins put them in the lead.

Brodtich Upset Changes Standing
A 26-27 upset by Brodtich I over League I leader Curtis I changed the standings in the division considerably. Brodtich I plays a make-up game with Juniata I on Monday, Dec. 18 and must win to avoid a tie and one-game playoff with Curtis I. Brodtich I's victory means that winning a victory, can increase their lead at number two with a full game and would then face League II when the Bears come out of the conference.

The most exciting battle was to come in the 149 division as Bob Outh found a deadlock in the closing seconds of the 1st quarter, but in the 2nd quarter, the Bears took over and put in a 10-2 lead. The final score was credited to Bob Outh, thus giving the Bears a 5-3 lead.

As a spectator, Herb Knull, in addition to play­ing his best floor game of the year, took several foul shots to get his team a 63-62 lead. The game as a whole was as close as the final few seconds.

Wenzel took 28 shots and hit on 85%. The Bruins entered the match, Bob suffered an injured side; however, the Bruins had the advantage of the quarters but in the first half, the twin pins put them in the lead.
