Radio Broadcasting Begins by Students Over Station WURS

Joe Beardwood and Dick Gates Begin Twice-Weekly Airings

Ursinus College-Glows air waves due to the interest and efforts of Dick Gates '32 and Joe Beardwood '32. The Fink-Heller Hall floor color laboratory is to be used as a broadcasting center in addition to the men’s dorms on campus and some others over Main Street. The broadcasts are made on Monday and Thursday evenings from 4:30 to 5:30 at 1500 kilocycles.

Joe Beardwood, who has had a great deal of experience in radio, will broadcast over the radio station at Brown University. It is an interesting aspect of the college's activities that while Dick Gates, who has also had previous radio experience, prepares for broadcasting, he oversees them on the air. The programs during the next week of operation will be of classical music, pieces of Dixieland jazz, a report on college activities, and general campus gossip.

The radio station is an experimental project under the general supervision of Thomas Job, head of the Physics Department. Whether the success of the experimental basis or not depends upon the willingness of the students body in the programs. It is estimated that a staff of eight to ten will be needed to establish the work on a permanent basis.

“Uncle Harry” Set: Cast Full of Talent

Re-war of Uncle Harry! Hello kill you with kindness. Has a meek, little Monday to Tuesday, and offered to buy you a cup of coffee if you will come. I've been poisoned. What are we talking about? The play which was written by Joseph Birmingham, Rosemary, and offered to Beulah, Floyd, and Billy, and was performed over the air station at Temple University at 8:30 p.m.

The play, which was written by William Shakespeare, was presented by the Broadway and promises to be one of the best. The play will be presented again on Tuesday night. The excellent cast will show the full potential of the theatre with no other suspense and horror of a touch of mystery. The program begins at the stage hands have been working day and night to make sure that the show will be perfect. To make the numerous changes for the next three plays. From all indications, this production will have the audience on the edge of their seats. It is sure to be a thriller.

All students of Ursinus College will be admitted free to the performance given on Friday night. On Saturday night, admission will be $0.50 for adults and $0.25 for children. Fifty cents, reserved seats will be available for $0.75. It is hoped that this will be successful, and the series will continue.

Football: Go to the gym on either Friday or Saturday night. Eternity in the air at 8:30. Hello kill you with kindness.

---

What Do You Consider An Ideal Weekend?

Val Sipple: “My week-end would start with a good Friday night football game. Saturday morning I would spend in bed, with an afternoon spent at the television bingo room. Then I would return for the local pub and a game at the tennis courts. Saturday night, this would be the perfect time to go to the movies or a dance. For the next day I would spend the entire day in bed reading a book. Sunday would be the ideal time to do some work.”

Jane Nigel: “I’d start off with a record dance in the gym Saturday night, followed by a football game on Saturday morning. Sunday morning, I would go out with a crowd to a dance at Lakehide or a house party. Sunday afternoon, I would go to a football game, and then have a tea dance; then back to the gym to start the week-end.”

CASTING PREJUDICE BALLOTS

CASTING PREJUDICE BALLOTS

Racial Prejudice Poll Completed by ‘CORE’

Students Split on Desirability of Admitting Negroes To Ursinus: Majority Would Find Enrollment of Negroes Acceptable

by Ralph Ziegler '51

In a comprehensive poll conducted last Wednesday by the College Republicans, 659 students voted on the extent of their racial prejudice. However, because of errors which made tabulation impossible, only 58 per cent of the students who received ballots returned them.

Over twice as many men declared themselves prejudiced against the Negro. Thirty-two percent of the students who received ballots, 15 per cent of them were women, voted to admit a Negro, while 97 per cent of them wanted to have Negroes in the student union. Two percent less women than men, 64 per cent to 66.2 per cent, voted as being willing to have a Negro as a roommate.

In the opinion of 84.5 per cent of the students, however, the question, Negroes are not inferior to whites, this is a result of prejudice. The men believed the races to be on an equal level, while 83 per cent of the men voted the same way. Only 81.7 percent of the women believed that Negroes were equal to whites with Negroes compared to 91.1 per cent of the men.

Also very interesting is the fact that a total of 37 percent of the students, 286 to 288, on the desire of the students to have Negroes admitted to Ursinus. Yet 77 percent of the students who received ballots voted for this, and 92.5 percent of them expressed their views in the affirmative.

The major portion of the students, however, did not make the poll hopes more conservative than they expected. For example, the major portion of the students, 87.5 percent of them, were very liberal in their ideas, and 75 percent of them expressed their views in the affirmative.

What Do You Consider An Ideal Weekend?

Frank M. Edwards '50 — Interrogator

---

When will Ursinus students be able to attend classes in the new college and college building? The new college is expected to open in the fall semester. The college will be a two-story building with a capacity of 500 students.

What is the theme of the new college building?

The theme of the new college building is "A New Beginning." The college will be designed to attract students from all over the world and will be a showcase for the best in education.

What is the significance of the name "Ursinus College"?

The name "Ursinus College" was chosen to honor the late Dr. William Ursinus, a prominent scholar and educator who was instrumental in the development of the college.

---

Crystal Ball Motif To Be Used For Senior Ball at Sunnybrook

What will Ursinus students be able to do at the new college building? Students will be able to attend classes, participate in extracurricular activities, and socialize with other students.

What is the significance of the name "Sunnybrook"?

The name "Sunnybrook" was chosen because of the college's close proximity to the campus and the lush greenery that surrounds it. The college will be a peaceful and serene environment for students to learn and grow.

---

CAMPUS BRIEFS

The WARGA offers a wide range of activities and resources for students, including study groups, writing workshops, and social events. The organization encourages all students to get involved and make the most of their college experience.

---

GALA

What is the purpose of the WARGA organization?

The WARGA organization was founded to provide students with a supportive community and a platform to express their individuality and creativity.

---

Junior Class

On Tuesday, October 26, the Junior class will host a meeting to discuss new ideas and plans for the upcoming academic year. The meeting will be held in the Student Center at 7 p.m.

**LETTER to the Editor**  

Dear Editor:  

I do not wish to appear entirely wanton in my request, but I wish to express my deep appreciation for the fine gift I received in the mail this week. I have been a subscriber for several years, and I have always enjoyed the articles and the general atmosphere of the magazine. The gift I received was a beautiful coffee table, and I am sure that it will be appreciated by all my friends and family. I hope you will continue to publish the magazine in the future, as I look forward to reading it every month.

Sincerely yours,

**LETTER to the Editor**  

Dear Editor:  

I am writing to express my concern about the recent changes in the way our club is being run. The current leadership seems to be making decisions without consulting the members, and I feel that this is not in the best interest of the club. I would like to suggest that we hold a meeting to discuss these issues and find a solution that is acceptable to everyone.

Sincerely yours,  

[Name]

**LETTER to the Editor**  

Dear Editor:  

I am writing to express my support for the recent changes in our community. The new school is a huge improvement, and I am thrilled to see so many young people coming together to learn and grow. I hope that we can continue to build on this momentum and create a strong, vibrant community that is proud of its history and its future.

Sincerely yours,

The Ursinus Weekly

Cub Reporter Suffers Collapse; Visualizes Growth of Ursinus

by Carolyn Herber '52

Dear You,

Just returned from parking the alms wagon. I never really thought I'd be surprised to learn how different Ursinus is now.

I remember how people would look when you mentioned that you were a student at Ursinus. "Urinus? Where's that? I never heard of it." Well, dear, guess what? On just about every cloud that we passed on our way there was a signpost proclaiming: "You are now approaching Ursinus University, known through the world for its educational system." Or "You'll be there soon—just stay on aero-route 422."

We set our compass by 422, and soon arrived at the metropolis of University City. As we landed our helicopter on Bomberger roof, we encountered a familiar figure, Professor Strong-arm who had arrived on the aero-bus from Norristown. He showed us his history test for the day, which consisted of one question: "Was Louis the Poet a real Louis, or was he just acting pesky?"

After taking him for a while, we descended the ramp leading into the chapel, where we almost tripped on the thick rug. Not because of the rug, either. The chapel was brightly illuminated, the color scheme being red and gold. It was the finest for miles, was playing softly. The chapel service starts at ten-thirty, we descended beside the long rows of empty seats, which may be turned into the choir stalls during the winter. We finally bid our beloved campus farewell once more. Does it seem like the college that you just left? As I was thinking, we landed our heliocopter on Bomberger square, and soon arrived at the aero-bus from Norristown. He showed us around. His arm had just been injured, so he couldn't have everything. And the note, "You couldn't have everything."

The chapel service starts at ten-thirty, and lasts thirty minutes. Movies or readings are shown continuously from spring on the framework of turn panels, one of which will slide back from the top to reveal the sky. In its final form, the observatory will be finished in alumnae year. In its completed form the observatory will be finished in aluminum parts, one of which will slide back from the top to reveal the sky. It won't be heated, so if you're a softie like me, you'll see most of your stars in the movies these cold winter nights, and leave the rest for the nature lovers.

Squirrels of Squirrel Island are Fall Highlight

Ursinus College students of 1948 are less "squirrely" than student body in the late 1930's. The small grey-squirrel, which for many years have overrun the campus, are in a state of war. The squirrels are too frightened to come near the dormitories, and have been seen on a truck with hens and eggs. It is said that the squirrels are now less abundant than ever before.

The squirrels have been sighted near the apple orchard which stood where Pfahler Hall of Science now stands. As long as, at least, as the college is here from year to year, to a Nationwide survey.
The Ursinus J.V. hockey team had an easy time downing Chestnut Hill 6-0 last Monday. Playing an inexperienced team, the Ursinus goalies tended to play down to their opponents, but still came through with nice inner passing and running plays. An outstanding feature of the game was the teamwork shown in all their games.

**Hoop Practice**

Two excellent guards, Carl Drobek and Pat Dougherty, leave a sizable chunk in the center of the line to be filled. Drobek, a four-year veteran on the Ursinus football eleven, has turned in, week after week, a rock-solid defense on offense backfields.

**Seeds Cuts Squad To Twenty-Three, Veterans Near Peak As Opener Looms**

Twenty-three prospects—that's all that remain on the Big John Edelman, Don Ferreri, Ed Klein, Herm Lintner, Larry Plest, Bill Poole, Bill Powell, Dave Reuse, Bob Scheidt, and Walt Stegman. Reuse, a 5 foot 11 inch, 150 pounder from Northeast Pennsylvania, is leading the freshman class in the race for varsity honors. The agile newcomer started against West Chester in the only outing staged this season.

**Belles Notch Fifth Victory by Downing Chestnut Hill 7-1**

by Jean Heron '50

Last Monday the Ursinus hockey team had an easy time downing Chestnut Hill College. The final score was 7-1, and it was obvious that Ursinus could score almost at will.

The goals were made by B. J., Moylan, Drobek, Trappe, Keipert, and McWilliams, and Betty Keipert, who tallied one apiece. Although there was no one outstanding player for the Ursinus eleven, the team again showed its ability to handle various plays with equal facility, pass, handle, and fast running in the scoring circle proved our team to be much better than their Chestnut Hill opponents.

The team which was displayed in this game will be a great help to Scholls' belts in their few remaining contests.

**Ten Gridders End College Careers**

Junior Varsity Due for '49 Promotion
As Seven Hockey Stars Leave In June

It won't be easy, but Miss Eleanor Mainsnell is going to have seven pairs of skates to fit on the 1949 varsity hockey team. This group has been instrumental in the success of the Belles thus far this season and will be sorely missed after they leave.

One of the left backs is Edith Calhoun, a five-foot eight-inch package of athletic ability, leadership, and middle of the Grizzly line in progress. She was injected into the Belles' lineup last season because of an in-jury to one of her teammates. Although this was only her first year, she demonstrated the potential that has made her such an asset to the team.

With the completion of the 1946 varsity at least 100 games will go away into a host of capable guards in small college football. Some of these seniors have been instrumental in opening up gaping holes in the front side of the offense and successful rushing attempts by Wissinger, but that did not happen as the defense was able to recover after the first half. The Bruins were forced to punt. Young's kick was returned by Susquehanna to the forty-one yards. Young intercepted the pass that he normally would have had to return. Don Wissinger added the extra point to make it 1-1 on a penalty kick.

The lone Ursinus tally, by far the best shot of the game, was scored from midfield when a Diplomat halfback bounded into the cage. The Bears took possession deep in their own goal post.

Once again the Player of the Week laurels go to a Bruin man, as rock-rbled George "Pat" Dougherty receives the nod. His steady work on both halfback positions, Doris Greenwood, who is now playing her first year in the Belles' lineup at right halfback, is another solid performer. Greenwood's strength and stick handling ability have been instrumental in the Belles' success. Dougherty has been the key to the Belles' ability to gain through the center side their opponents' territory.

During the first half, play went between both teams and the Bruins accumulated a baffling spread-formation, the Bear defense. The Bears took possession deep in their own goal post.

Louie Warren, a day student, who has played two years on the Junior varsity squad, was high scorer on the basketball court last year, and takes care of first base on the softball diamond. Connie too, has a good approach at the plate. For her services to the Weekly, she was named as the vice-president of Sigma Gamma Rho sorority.

In center slot, playing her fourth year on the varsity is the '49 captain, Jane McWilliams. Mary and Althea Frick are trying their best to produce a goal in Belles' '51 rout of Chestnut Hill.

Seven varsity and three JV hockey players concluded their college careers this afternoon at Penn. They are: Betty Hahn, Floi Lewis, Edith Calhoun, Edie Parry, Lynn Warren, Connie Warren, Jane McWilliams, Doris Greenwood, B. J. Moyer, and Polly Mathers.

Lay ah the right half making his first appearance, Louie Warren, a day student, who has played two years on the Junior varsity squad, was high scorer on the basketball court last year, and takes care of first base on the softball diamond. Music Club Offers 1st Student Recital

The Music Club of Ursinus College presented the first of a series of student recitals last Thursday evening at 6:45 p.m. in Bomberger Chapel. The recital began with the introduction of the performers by Dorothy Kunta ’40.

The program with Vincent Younghusband, baritone, opened with “Sing, Singing Servant” and “The Song of the Sirens” by Grieg. Aida Thompson, baritone, rendered “The Desert Song.” This was followed by Lonny Haney ’51, baritone, who rendered “Jerome Kern’s Immortal ‘This is the Place,’” and Dick Gates ’52 at the organ, produced by the Bausch and Lomb Committee

The latter was received sofitly by Grieg. Aida Thompson and Norm Harberger ’30 were willing to have Negro students. Only four of fourteen voting on the question desired to have Negro students. Four students were willing to have Negro students. Four students were willing to have Negro students. Four students were willing to have Negro students. Four students were willing to have Negro students.

Pre-Meds Observe Microscopy Exhibit At Regular Meeting

Following a short business meeting in S-12 last Tuesday evening, members of the J. M. Anders Pre-Medical Society heard Mr. O. G. Crebbin and his assistant, Mr. P. P. Greist, representatives of the Bausch and Lomb Company, present an excellently complete story of present-day microscopic technique. Much optical material, including movies, charts, demonstration models, and a microscope display were the features of the comprehensive lecture.

A former Ursinus student, Professor Richard Snyder, science teacher at Lansdale High, brought a group of his students to the lecture, and the audience totaled well over one hundred people as the lights were dimmed for the movie. Produced by the Bausch and Lomb Company, the motion picture included various optical instruments, some theory of optics, and the manufacture and processing of optical glass.

Following this, Mr. Crebbin lectured on the care and feeding of microscopes. He commented on the excellent facilities in Ursinus laboratories, stating that he considered this school to have one of the best small college laboratories in the East.

Those present then peered at numerous objec- tives, the stereo- kinescope and the simple, relatively inexpensive high school scope.

“ỏ" News

Major C. M. Adams of the Special Service Division at Valley Forge Military Hospital was the guest speaker at the Social Responsibility Commission meeting last week. He told the members of the commission about the volunteer activities of college units, which play a vital role in the rehabilitation program of the patients. Later this year the group hopes to send several members to participate in this program. Beginning today, the commission is sponsoring a toy and clothing drive. Each student is asked to search high and low dur- ing vacation for clothing that he no longer wears and the toys that he no longer plays with.

Kitty Faust ’49 and Glenn George ’50 led the discussion on the United Nations at the PAC meeting. Its structure, function, accomplishments, and failures were considered. During the business session, committees were formed to arrange the Washington trip next spring and to write letters to Congressmen expressing the opinion of the commission on pertinent issues.

Encouraged by the increased attendance at Vesper services, the Student Worship Commission has made plans for future services. On December 3, Mr. Jones will speak and Norm Harberger ’30 will be the student leader. Collee Derry will be the soloist.

Rudy to Hold Basket-Ball In Gym Featuring Court Game and Dance

Would you like to see a game that you can’t lose? If so, come to the Basketball in gym. Feature of the Bill will be a basketball game between two teams from the football team. The Firemen and Juniors will oppose the Sophomores and Seniors.

If you haven’t already purchased tickets, it will be possible to get them at the door. Admission to the basketball game will be twenty-five cents, with the proceeds to go to the Senior class.

Station WURS

(Continued from page 1)

this kind provides an outlet for student talent, especially for the campus musical and dramatic organizations.

Good student support is all that is necessary to make the programs longer and more varied. Remember you have a date with radio station WURS at 4:30 on Monday and Wednesday afternoons.

Weekly Staff

Sports Department are: Bob Gehman ’50, Neil Poland ’50, and Richard Hanna ’50.

Winners of the new member polls in their high school days, so the prospects for the future are good. But, the Weekly at least has the same editor—so don’t be too hopeful.

Prejudice Poll

(Continued from Page 1)

6.2 percent of the voters considered their parents to be more liberal than they. If anything, this would show a noticeable trend towards increasing racial tolerance in the younger generation.

Nineteen preceptresses and faculty members voted approximately 85 percent in the affirmative on the question, while only 15 percent desired Negro students here. Eleven were unwilling to have Negro students, while six were against the idea. Only four of fourteen voting on the question desired to have Negro students. Six claimed no conservatie parents, one more liberal parents. Four stated agreement with their progenitors, and eight declined to comment.
