Rehearsals Begin for Spring Production of Gilbert-Sullivan Classic

by Nancy bare '33

For the second time in eleven years, Dr. Frank Eberle, associate professor of music, will present the ever-popular Gilbert and Sullivan operetta The Mikado. The Mikado is the second production this spring to feature the "Y" combining to produce an open forum on the subject next Monday evening. The session, which will begin at 6:45 p.m. in Bomberger Hall, will feature a 20-minute discussion on the topic by four speakers. This will be followed by open forum, during which the audience will be invited to question the panelists and discuss the problem. The opinion on the problem will be taken by the moderator of the discussion. Making a pro-UMT presentation will be Norman Ranz and an as yet unnamed Swarthmore professor. Making a con-UMT presentation will be Dr. Baker, a lawyer and a member of the Ursinus faculty. Dr. Baker is a native of Richardson Dwellin in the recently-waged Philadelphia mayor­al campaign.

The negative side will be represented by Mr. Lawrence Mallery, Dr. Baker's colleague in the Political Science department. He will present the "Y" combining to produce an open forum on the subject next Monday evening. The session, which will begin at 6:45 p.m. in Bomberger Hall, will feature a 20-minute discussion on the topic by four speakers. This will be followed by open forum, during which the audience will be invited to question the panelists and discuss the problem. The opinion on the problem will be taken by the moderator of the discussion. Making a pro-UMT presentation will be Norman Ranz and an as yet unnamed Swarthmore professor. Making a con-UMT presentation will be Dr. Baker, a lawyer and a member of the Ursinus faculty. Dr. Baker is a native of Richardson Dwellin in the recently-waged Philadelphia mayor­al campaign.

The negative side will be represented by Mr. Lawrence Mallery, Dr. Baker's colleague in the Political Science department.

The next home debate will be held in Room 10 in Bomberger Hall. At 7:15 p.m., A delegation of some fifteen Upperclassmen and sophomores will arrive in the Thompson-Gay gym. The delegation will consist of Upperclassmen and sophomores, as well as some members of the junior and senior class. The delegation will be led by Ray Eberle, who is one of the main speakers for the debate. The debate will be a two-hour long event, starting at 7:15 p.m. and ending at 9:15 p.m.

The debate will be held in the Thompson-Gay gym, which is located on the campus of Ursinus College. The gym is a large, modern facility that can accommodate a large audience. It has several features that make it ideal for debates, such as a large stage, a good sound system, and good lighting. The gym is also well-equipped with a variety of materials and resources, such as a blackboard, a whiteboard, and a projector. The debate will be open to the public, and anyone is welcome to attend.

Ray Eberle's Band to Perform For Junior Prom on April 16

Realizing an ambition born earlier in the school year, the Junior Class will ask Ray Eberle's band, if they will perform for the Junior Prom to be held on Friday, April 16 at Sunnydale Ballroom in Pottstown. The band is currently scheduled to play at the first prom of the spring season, the Senior Prom in March. Before becoming a bandleader, singer, and producer, Eberle was a student at Swarthmore College and the Pennsylvania State University. The band has been performing together for several years and has built a loyal following among the student body. The Junior Class is excited about the prospect of having their own band at the prom and is looking forward to an evening of fun and music.
 Annex - dates

This week the Annex is holding ambitious maneuvers to prepare for the first anniversary of the Annex's 1953 inauguration. Although this winter's precipitation is still here—Copyright © 2023 The Urisinus Weekly —it doesn't seem possible that mud could reach the level of side of the road at night and face us now, with a little bit of fresh snow covering a stalled meteorologist (that's a car which has been provided by 15 and 42 dealing with developing snows). There have been several small snows already this winter, so far Fordyce Beth Lowell, that's a name that may be found in most every area at night, directiting traffic and reciting "Boots" in a deep baritone voice.

Deportion to Duty Department:

Don't let this get to Dr. Wagner, but he is a poet who is potential for more. Art Kreutzhemann had to give up his morning coffee. Claims it kept him awake all night.

Officer To Visit College Campus To Enlist Marine Corps Reserves

On Thursday and Friday, March 4 and 5, Maj. John E. H., Jr., of the United States Marine Corps will be on campus. He has wishings to discuss the "Platonic Leaders Clubs," to make preliminary arrangements for any students interested in joining this group.

PLC's will receive summer in- struction at Fort Mason, Quantico, VA. This instruction is not a requirement for enlistment, which veterans may have previously 

The purpose is to qualify PLC's for commissioning.

Applications for PLC's, and all information concerning it, may be obtained from Fred LeVine, the veterans' co-ordinator, in his office in Bomberger Hall.

To the Editor:

With all due respect to those who oppose me, I feel that there are several compelling reasons why this program should be adopt- ed now.

First, U.M.T. is an essential part of our national security at this time. We have an imperial, un- biased presidential commission of civilians came up with this conclusion. The head of this commission, Dr. Karl Conover, who is president of the National Academy of Science, under the auspices of France and Switzerland, was charged with the development of the atomic bomb. Probably no one in the world is better qualified to estimate the possibility of the use of weapons of war in the future. The commission unanimously agreed that a nuclear war would be obdurate in 6 or 7 years but it is also possible, he said.

Second, the possibility of world conflict at this time is more than a remote possibility. Many international organization does not exist to handle this emergency. The United States, under the leadership of France and Switzerland, has taken the initiative. The United States has signed the preliminary agreement with France and Switzerland, and the United States is a party to the Geneva Agreement.

Third, adoption of Universal Military Training would not be a drastic change in the way of peace. There is nothing morally wrong in

Conducted by Frank Edwards '50
Once again, The Weekly has polled students on a question of vital interest. This time the results were quite startling, for they indicated that there will be a war between the United States and Russia within the next five years. If not, what are your reasons for believing that there will be a war in the next five years? Is it possible that one of the principal causes of this fearsome prediction is the rapidity of change that has taken place in the world? Can you think of any other reasons for this rapidly accelerating rate of change? Does it seem to you that this rapidity of change will lead to a war between the United States and Russia?

John Hart '49 • History-Social Science major.
"Yes. As soon as Russia is prepared..."

John Brunner '49 (vet) • Science major.
"Yes, but for not at least five years. Russia is devastated because of the last war, and as a result of this, she is not ready for war. The poli-..."

Nancy Stotler '50 • English major.
"No, not for at least fifteen years. The United States is devastated because of the last war, and as a result of this, she is not ready for war. The poll..."

Ruth Pettit '49 • Physical Education major.
"No. Russia cannot be at war with the United Nations across. The success or failure of this organization will spell either war or peace across the world. Ultimately, it will depend on the actions taken by the U.S. in the next ten years."

John Kalm '49 • History-Social Science major.
"No. Russia would not be willing to wage an offensive war. And the U.S., because of its great size, would not attack the U.S.S.R. Russia is uncertain of her strength and can't go on unchecked."

Ruth Pettit '49 • Physical Education major.
"No, not if the people put the United Nations across. The success or failure of this organization will spell either war or peace across the world. Ultimately, it will depend on the actions taken by the U.S. in the next ten years."

Dorothy-Arden Dean '49 • History-Social Science major.
"Yes, unless the United States can and is preparing to wage war against Russia within the next three years, on either side of the Iron Curtain. If one thing is sure, it is that the Eastern and Western blocs are in a zero-sum game."

Hartan Dunne '49 • History-Social Science major.
"Yes, the crossed-out by both nations that the next war would be neither will be victory against each other. There is also a lack on both sides of the means to technological strength of the other."

Mr. Charles Miller Gives Up Librarian Post After Serving College Since 1938
Last week Mr. Charles Miller, the 1938 graduate of Ursinus College, terminated his official duties as Ursinus College Librarian to accept a position with a publishing firm. He began his career here twenty-eight years ago as a Social Science major and graduated with the class of 24. After working in various positions in administration offices and at the Scottish Rite Library in the District of Columbia, he returned to Ursinus as assistant librarian in 1938.

DR. MILLER WRITES ARTICLE FOR INTERNATIONAL JOURNAL
The winter number of the International Journal, a quarterly magazine published by the Canadian Institute of International Affairs in Toronto, carries an article by Dr. Eugene Miller, professor of Political Science here. Among the other contributors are several prominent figures, including General A.G.I. MacNaughton, Canada's representative on the UN Atomic Energy Commission.

Yes, unless the United States can and is preparing to wage war against Russia within the next three years, on either side of the Iron Curtain. Is it not possible that one thing is sure, it is that the Eastern and Western blocs are in a zero-sum game.

The Urinus College Library, which was opened in 1945, had a special exhibit of the publications of the library for the inauguration of the music library. The exhibits included the original repertoire, consisting of 200 volumes, the library's special collection of rare books, the book of the year, and the library's special collection of rare books.

The winter number of the International Journal, a quarterly magazine published by the Canadian Institute of International Affairs in Toronto, carries an article by Dr. Eugene Miller, professor of Political Science here. Among the other contributors are several prominent figures, including General A.G.I. MacNaughton, Canada's representative on the UN Atomic Energy Commission.

Mr. Miller was elected librarian in 1945 following the death of the head librarian, Mr. Calvin Young, Sr. Since his installation, there have been many changes and improvements in the library. The most notable of these improvements was the inauguration of the music library, which was opened in 1945. Mr. Miller, in collaboration with the administration, had a special record machine built in Philadelphia and installed it in a room which was subsequently built to suit the purpose. The library's original repertoire, consisting of 200 volumes, has been supplemented by many gifts and purchases. Another improvement was the renovation of the gray plaster walls of the main floor to their present bright pastel shades.

Touched Course Here
Mr. Miller took on additional duties in his early years as librarian when he taught incoming freshman classes a course in how to obtain full benefit from the library. He also wrote a Weekly column concerning library residents.

**SPORTS GLANCE**

by Roy Todd

**THIRTEEN-CARD GAME ARRANGED FOR GRIZZLY BASEBALLERS THIS SEASON**

Ursinus opens a thirteen-game diamond campaign with Elizabethtown College on April 10 at the Bloomfield Field house. Expectations for this tussle, so far engrossed during 1945 will again be opposed of the Bear ballhounds. The attractive schedule, released recently by Athletic Director Everett M. Bailey, includes single tests with Lehigh, Dickinson, Drexel F and M, PMC, Albright, Swarthmore, Moravian, Juniata, and Delaware and a home and home series with Haverford College. All but Dickinson, whose tilt was washed out last season, were countered by last year’s successful clutch of the club, another another Elizabethtown nine. On the schedule this year appear six home games, with seven frays a few months after the initial Collegierville contest takes place on April 25 at Haverford. Journeys to Ursinus to partake in our home opener. The final battle of the season takes place May 18 when the Centurials travel to Delaware to oppose the Blue Herons.

**Baseball Schedule**

April 10-Elizabethtown away
April 14-Haverford home
April 15-Philadelphia home
April 21-Dickinson home
May 1-PCMC home
April 28-F & M away
May 5-Allbright home
May 6-Elizabethtown away
May 11-Haverford away
May 14-Morgan away
May 15-Juniata home
May 18-Delaware away

**IN INTRAMURAL BASKETBALL**

When the opening of the Intramural Basketball season was taken, Duncan had suffered a broken arm and was forced to

**Hoopsters Wallop Crusader Five, 52-45, As Jaffe, Forsythe Pace Bruin Scorers**

In a lossy played but nevertheless exciting tussle played last Wednesday evening, here, the Bruins snapped their two-game losing streak by decisively whipping a game but outclassed Susquehanna quintet, 52-45. Gargantuan Bob Jaffe tipped the Grizzly point producers as he found the range for seven field goals and a pair of Annie Oakleys to fashion a sixteen point cluster for the pros of Coach Jerry Seegers. Guards “Bullet Bill” Forsythe, Norristown High alum, and Billy Myers, ex-Atlantic City High Flash, assisted throughout with their clever ball handling and timely shooting, while the backboard work of Wally Widholm and Jaffe con-

**TWELVE TEAMS OPEN BATTLE IN INTRAMURAL BASKETBALL**

With any luck at all, the long-awaited Intramural Basketball season will open this evening. After postponements almost every week, it had seemed that last week would find the intramural competitors taking the floor for their initial contests. However, as had transpired previously, the gym was simply unavailable. The practice wrestling meet with West Chester, a Curtain Club production, a home matmat, and “musical organizations night” combined to run out the interest in intermural games tentatively scheduled.

A lack of clarity of similar conflicts, schedules will be made out for only a week at a time. Monday games will feature the teams coming to the top. Other games for the week will be published in the coming issue.

The teams comprising League I are Swarthmore, 10; West Chester, 10; Haverford, 10; Alumnae, 10; Drexel, 10; Off Campus II, 10; Drexel, 10; Annex II, 10; and the two top teams.

**SCHEDULE FOR THIS WEEK**

Broodlick II vs Off Campus II 7:00
Curtis I vs Curtis II 7:00
Annex IV vs Brooke 7:00
Tuesday
Drexel, 10 vs Annexe II 7:00
Annex II vs Blithe 8:00
Drake, 10 vs Annex II 9:00

**MONDAY, FEBRUARY 23, 1948**

**Bearettes Outscore Chestnut Hill Five in Close Tilt, 27-23**

The first four minutes of the tilt were a thriller. The jinx was broken by Chestnut Hill’s star forward, Differmatis, who drew first blood with a fast-under-arm shot. Bearette Edi Duncan retaliated for a cut behind her guards. The home team racked-up three more points in short order as against one point for the Bears on a charity throw by Donnie Warren. The quarter time score was 5-3.

**Second Game Cesto**

The second quarter provided the margin of victory for the Red, Old Gold, and Black 13 points pulled up on the scoreboard. The surge led by Ed Duncan, Jack Bickel, Ed Eds, Bob Mitchell, Chuck Collins, Jack Young, Bill Turner.

**Wally Widholm, sensational pivot hero, has really proven**

...
On Saturday, the Ursinus girls' basketball team survived a frantic game out of the fire in the closing minutes to pull back up to a 35-33 win over Albright.

After the Albright basket念头 the third of any four-pointer from free-throw line, the scoreboard showed a tense moment while the ball hovered in the air. With Bob Mitchell of Ursinus having 19 points and the Albright defense having difficulty containing her, the game was poised for a dramatic finish.

After Bob Mitchell took the low to a 19-17 game, an Algona ball broke loose near the goal but was quickly retrieved by Mitchell and dished off to her teammate Bob Mitchell. With the ball in her hands, Mitchell quickly maneuvered to the right wing, where she was guarded by two Albright defenders. Swinging the ball to the left wing, Mitchell passed to John Bechtel, who drove to the basket and was fouled. Bechtel made both free throws, giving Ursinus a 21-17 lead.

Despite a game that started withदी उर्सिनस portal's early lead, the Albright defense was able to turn the tide and take a 23-21 lead in the second quarter. However, with 1:50 remaining in the second quarter, Ursinus' defense forced a turnover and Mitchell took the ball down to the left wing, where she scored on a corner shot to tie the game at 23-23. With 30 seconds remaining, Ursinus had possession, and Mitchell drove to the basket, where she was fouled. Making both free throws, Ursinus regained the lead at 25-23.

Fueled by Mitchell's four-point lead, Ursinus maintained its lead throughout the rest of the game, with the Albright defense struggling to contain her. In the end, Ursinus emerged victorious with a 35-33 win, securing their place in the championship.

The win was a testament to the hard work and dedication of the Ursinus girls' basketball team, who showed resilience and determination in the face of challenging moments. The victory was especially sweet after a season that included ups and downs, with the team working together to overcome obstacles and achieve success.

security until an effective world organization can be developed.

Pro=UTM

Most nations today are preparing for defense and will continue to do so until a world government with some power becomes a reality. It would be folly for the U.S. to pursue the opposite course.

Fourth, the cry of "military dictatorship" if U.M.T. is adopted is a demonstration where majority rule prevails. Furthermore, military men do not worry about the public. As evidenced by General Eisenhower's statement thatfover 750,000,000 ex-servicemen of World War II are living proof that military training does not indoctrinate in militaristic thinking. Indeed, if U.M.T. is adopted, it will prove to be a more satisfactory means of defending the nation.

In conclusion, a few personal observations to clarify my position. My first interest is in the establishment of a just and lasting peace through some union of the nations of the world. Toward that end I am at present delving into the problem of what such an organization can become a reality has not yet arrived. Therefore it is essential that we must provide for our own security as we work toward world government. U.M.T. alone cannot insure national security. An integrated program involving scientific advancement and expansion of air power must accompany universal military training. This is evidenced by General Eisenhower's statement that if U.M.T. is not adopted, we are "playing Russian roulette with our lives by reversing the shoes on our horse boots." Universal military training of large groups of young men would obviously be futile and wasteful in an age when the civilized world will be wiped out completely. The universal military training of large groups of students never gets thirsty when above the fireplace in the west wing of the college.

---N. Dean Evans '48

Again, UMT Letter

(Continued from page 2)

millitarians are in agreement that atomic bombs, rocket-projected missiles, and bacteriological weapons will be used, and it is more than likely that a great part of the human race will be wiped out completely. The universal military training of large groups of young men would obviously be futile and it is within the realm of serious scientific research controls the situation.

An article favoring the UMT by Henry F. Pringle in a recent issue of the Ladies Home Journal frankly states that "UMT is not meant to impose the kind of militarization that militarism is essential, even in peacetime. If not the line of the Fascist and Communist dictatorships?"

Why, the underlying menace of UMT, and affirm our belief in a democratic, civilised government, and our belief in international cooperation as the means of settling disputes.

Well-Stocked Library

(Continued from Page 3)

childhood for a good two-thirds of that time, this national photographic album fills in that gap where history courses leave off or one's own memory begins. Like eating potato chips, once you've discovered "I Remember Distinctly," you can't get away from it. So give us an entry on the term paper and enjoy dancing at what the new look of 1921 was like, what the Broadway hits of 1930 were, and what our parents looked like dancing the Charleston.

N. Y. Times Available

I guess I won't be telling you anything new in mentioning the large selection of current magazines on the table in front of the periodical shelves. Try investigating the newspaper rack too after getting the localized view of news from the morning Philadelphia paper, it's sometimes enlightening to see what the New York Times or Christian Romance Monitor has to say. And if you think the only news going on in Collegeville appears in The Weekly N. Y., just notice the Independent sometime.

In my meanderings at the reference shelf, I came across one book that I wish I'd discovered a few terms sooner. Penguin Curious was undoubtedly a source book for a former Ursinus history professor. I can't imagine just what anyone would be like who conceived such a book. Two men saving their lives by reversing the shoes on the horse boots? or to top of what tower did Napoleon ride on horseback? Incidentally, this book is full of unexploited materials for quiz questions; questions in Curious Questions could top even the walking man.

Speaking of curious books, I've a few of my own when it comes to the library. For instance, who painted the alacron landscape over the IRC shell, who is responsible for the rather pleasing covered bridge scene above the main door? Whose portrait hangs above the fire place in the dining room? Why does someone think students never get thirsty when they are in the Library? Why was even a copy bought of the date books now on sale for a quarter?

But I've browsed enough; pretty soon I'll be expected to take out a book or heaven forbid, I do work some more.
