Y-Weekend To Be Centered on Theme

"Will Christian Youth Lose the Race?"

Jane Brusch, Grant Hurrall Plan Activities for January 19 to 20

Grant Hurrall '46 and Jane Brusch '47, vice-presidents of the YMCA, have announced the program for the annual "Y" Weekend. The activities are centered on the theme, "Will Christian Youth Lose the Race?"

The initial event for the week-end is a lecture given tonight at 8:00. The speaker will be Ernest Dill, chairman of the Student Volunteer Movement since 1943, comes well qualified to answer this important question.

After graduating from Oklahoma University, the Student Volunteer Movement has grown to include thousands of students in a dozen countries. This program, sponsored by the Student Volunteer Movement, will surpass any in the history of the Collegeville Branch. The speakers will show which, as yet, is cloaked in obscurity, and the role of normal danc- and refreshments.

Advancing to the more serious phase of the program, Winthrop Thomas will give a talk on the logical thinking of the "Youth in International Affairs." In Bomberger Chapel at 7:30, Mr. Thomas, who has been general secretary of the Student Volunteer Movement since 1943, comes well qualified to answer this important question.

Following the main address, students may select one of the following elective courses which will be held in the same room as the main lecture:

1. 2:00 p.m., English language and literature: Mr. C. W. Hallman, a member of the English faculty. The course includes both modern and classical English literature.

2. 2:00 p.m., history of the Christian faith: Mr. J. W. Moore, a member of the history faculty. The course covers the history of Christianity from its beginnings to the present.

3. 2:00 p.m., philosophy of religion: Mr. R. E. Hall, a member of the philosophy faculty. The course explores the various philosophical approaches to the study of religion.

Activities will continue on Sunday morning with Sunday School at 9:30 in the Stewart Room of the Assembly Hall. The service will be led by the Rev. E. R. Hall, a member of the faculty. The theme of the service will be "The Call to Serve in the Church."

After the service, students will have the opportunity to participate in a variety of activities, including a presentation by the Bomberger Band and a performance by the Bomberger Chorus.

The weekend will conclude on Monday morning with a special breakfast at 7:00. The breakfast will be followed by a special assembly at 8:00, with a farewell address by Mr. Thomas.

The newly organized Glee Club held its first full rehearsal of the year last night in the Old College Chapel. The time has been scheduled as the regular rehearsal hour every week, beginning Monday at 8:00, and will be announced. At present, there are about 25 students enrolled in the club, making a need for additional members. The club should see President, Bob Keit, or Vice-President, John Knicke, for details.

The club has been ordered to follow the "Come to the Fair," and "Night and Day."

Ursinus Quintet Racks up 57-28 Victory As Bob Geist Gets 16 Points Against PMC

Peter Stevens Returns to Campus As Football Coach, Instructor

Peter Stevens has returned to the Ursinus campus, taking up his former position as football coach and instructor in physical education after being hurriedly discharged from the service, before entering the service, where he was assigned to the physical training department of the Special Services Division. “Peter” coach-ed both grid and wrestling as well as football at Ursinus.

Mr. Stevens is a Temple University graduate and former captain of the football team.

Geist, McGee Given Berths On All-College Soccer Team

Bob Geist and Harry McGee were both selected for defensive positions on the All-Middle Atlantic States Soccer Team. Bob was chosen for the goalie spot while Harry holds down the right fullback position.

This is Bob’s first year of soccer, but he was still able to play an outstanding game showing much skill. His quickness and alertness played a big part in the team’s victory.

Harry was one of the V.C.T. students here and played up until the fall. He was a key player against the visiting Ursinus team. Bob took the ball from the opposing forwards often, and with effective dodges was able to get it up to the forwards towards the goal. It is the belief of the rest of the team that they could depend on him.

High Scoring Forward Elected Captain

Playing his usual fine game for the Bear’s quintet in their opening game with P.M.C. was Bob Geist, who scored 16 points. Bob was chosen captain of the basketball team this year.

Bob and his many accomplishments as a center are known on the campus, and it is probably best known as the president of the freshman baseball team, and captain of the Club and Key, in addition to his athletic feats. Last winter he played his third straight year of varsity basketball, and is now captain of the basketball team from this year.

In the basketball season last year Bob’s playing was especially effective, and the fact that he was in the columns of the high scorers of the Philadelphia area colleges. His average was 12.8 points, and his highest single score for one game was 20 counts against Juniata.

After his start this season it looks like the spark plug of the Bear’s team is out to repeat his record, and perhaps better it.

Looking ‘Em Over

A word of hope for the future seems appropriate way to start off this week’s column. Pete Stevens, head coach of football until last fall, was discharged from the service, and is now back on the campus last week and asked about the possibilities for football in the fall. This sounded encouraging and it seems like a promising beginning for the Ursinus nine.

Among the returning returning returnees are Captain Dusty Brooks, fullback; centerman Dick McSorley; great right and left; Bob; Boiler, breadstrke and freestyle specialist; and many other fine players. The team is in good shape and is ready to go into the season.

The team has scheduled four meets for the coming season. The schedule is:

- March 15- Temple
- March 17- Penn
- March 22- Swarthmore
- April 19- Swarthmore
- May 2- Swarthmore

Swimming Now Listed As Girls’ Varsity Sport

Swimming, started at Ursinus last year as the club sport, has been named as a varsity sport. The team has scheduled four meets for the coming season.

SCHEDULE

Feb. 13- Penn Day Game
Feb. 20- Mar. 22- Chestnut Hill
Mar. 27- Intercollegiate meet to be scheduled later.

Grad Encourages Industrial Sports

Ask what he considered the future of industrial athletics, Captain Otto R. Scott, of Penn, asked to be named in the first place. The captain of the Penn basketball team, Otto R. Scott, was appointed captain of the Ursinus athletic department.

“Fortunately,” he continued, “industrial athletics is here to stay, primarily for its value as a morale builder. Today, industrial athletics is not only as a benefit to the individual but as an important factor in cooperation and understanding between labor and management. It also serves the old-time personal relationship between employer and employee as a time of common pause.

At Camp Pickett, Va., he was stationed for his nine months before the center closed. He conducted a physical training program for an average of 17,000 men at Camp Pickett. After the end of his nine months he was stationed for his nine months in the center of the high scorers of the Philadelphia area colleges. His average was 12.8 points, and his highest single score for one game was 20 counts against Juniata.

After his start this season it looks like the spark plug of the Bear’s team is out to repeat his record, and perhaps better it.

Early Second Half Scoring Spree Gives Swarthmore Team 59-48 Win Over Bears

Plagued by a streak of bad luck, Ursinus found itself in the first league game of Saturday night to Swarthmore, 48- 38. The game was played before a record breaking crowd at the Garnet’s field house.

Bob Geist, playing his usual excellent game, started a scoring spree by cracking two points against the Bears. However, Swarthmore quickly struck back and was in the lead by the time the first half was over. The Bears were able to hold the Bears to a 19-18 lead at the half.

In the third quarter that broke the stalemate in the game, when the Garnets broke through our defense to score quick, decisive goals, the Bears made a comeback with a 19-18 lead. The Bears were able to lead at a 38-36 lead.

Obviously well-coached, the Bears were unable to get rolling in the opening minutes of the game. With forwards Love and Poole, the Bears were able to get the ball into the hands of a hard-hitting Guard Geist, who was given another chance to play. The Bears were able to hold the Bears to a 2 and 0 record.

Fortunately, the ball brought into scoring position the Bears were unable to use their attack against the Bears. O’Donnell, and Kennedy played steady and without making any errors.

Swarthmore led 59-48 in the final minutes of the game, and Ursinus was able to hold the Bears to a 38-36 lead.

Ursinus got into the second place in league standings behind Swarthmore with a loss. Delaware, league leader for the record of a 2 and 0, will meet Ursinus in the next game.

Ph.D., Prop.
PAC to Conduct Lobbying

Even to Consider? Ever dis- liked or disapproved of a law that is on the floor, but been unable to express your opinions?

As minors, we students at Ur- bana are no influence in the law- making, but as a group we can go lobbying to change the law. On Wednesday evening at 6:30 p. m. in Cranston Union, Student Stripes '46 will conduct the Poi- dory club's in Washington, D.C., at 6:30 in Bomberger Hall.

Education Costs Two Dollars

The land's history and literature have always been favorite subjects. For the first twenty-nine years this was a club, with few lecture rooms in the old Par- kland building. To keep the university from having to estab- lish a new research department in psychology and anthropology, the faculty was asked to paint the walls of an old building near the National Hospital.

The greatest material progress in the history of the college was between 1920 and 1940 and on, Wednesday, February 16, exactly 25 years after its founding — the university moved into its new and modern building in Reykjavik. That same fall a faculty in engineering was estab- lished; in 1941 a faculty in economics, and now, most recently, a dental school has been added.

The faculty now includes the professors and more than thirty part-time instructors. The student body varies between 350 and 400. The university is modeled confidently on similar European Institutions, although students pay no tuition fees. The admission fee is $2, payable.

The university is modeled with as many or as few students as the faculty wishes. A gyn- etical course must be taken by all.
