Term Paper Plague Strikes Easy Prey
The term paper season is under way again. Any detainees student is a fair game, the sculls are unlimited. Tradition holds sway and each student seems to have an average of one term paper for every quarter of his school takes. Each one has his own degree. The real problem is the "term paper" and it is difficult to select a moderator which could do a subject work on the part of each writer. The problem was a big one. The popular is to win the United States, and Iran, and therefore small nations were a problem in the UNO. Dr. Hickman saw this settle­ ments as a design for the or­ ganization's worth.

Some members of the population are being forced to look elsewhere for their livelihood, because the destruction of the city has made it impossible for them to continue their normal occupation. This is particularly true of the miners, who constitute a large percentage of the city's population.

The coal industry is one of the most important industries in the country, and its output is essential to the nation's economy. The government has declared a moratorium on all production until further notice, and the miners are being forced to look for work in other industries. This is causing a great deal of hardship for the workers, who have been forced to leave their homes and families in order to find new employment.

The government is working on a plan to help the miners and their families during this difficult time. They are providing temporary housing, food, and medical care, as well as counseling services to help them cope with the stress of being forced to relocate. The government is also working on a long-term plan to help the coal industry recover from the damage caused by the war.

The situation is causing a great deal of concern among the workers and their families. They are hoping that the government will be able to find a solution that will allow them to continue working in the coal industry, which is so important to the nation's economy.

**Geist Retains School Lead in Comparative Scoring Race**

In the results of the comparative scoring records of the Philadelphia colleges published this week, Bob Geist was found to hold his second place position with a 153 point average as he paced the five leading men in the enthusiasm of the Southern Division of the Midatlantic Athletic League.

Bob Geist, captain of the Ursinus College basketball team, is completing his second year on the Lehigh Valley team and is considered a strong candidate for the coveted laurel crown. He has averaged 153 points in his first two years at the college, and his performance in his third year has been outstanding.

Bob Geist is a native of West Chester, Pa., and attended West Chester State Teachers College in his third year of college. He is a member of the Phi Delta Theta fraternity and holds a B.S. degree in Education.

Bob Geist Leads Scoring Pace as Team Holds Lead Thruout Game

A good Moravian basketball team, led by Evie Moyer, was defeated by Ursinus last Tuesday night, went down to a 64-50 defeat. The Ursinus team was led by Evie Moyer with 14 points, and Roy Love the Bears rolled up a 33-22 lead. The Greyhound's big center, Russ McCollum, led them in the game with three baskets but no one else seemed to hit with any consistency. The Bears came out strong at the start and led by 14-19, but Moravian was able to make 19 points in the first 15 minutes of the game and held the lead by 24-15. Ursinus continued to click in the second quarter and pulled away from 37-29. Erma then closed it to 41-32 and from here on until the end of the game they matched the Bears basket for basket. When the half-time whistle blew, the Bears had 42 points, and the Rosemont forwards to only one. The Ursinus forwards were able to register 3 more. After the rest period and rolled to 42-32 and from here on until the end of the game they matched the Bears basket for basket. When the half-time whistle blew, the Bears had 42 points, and the Rosemont forwards to only one. The Ursinus forwards were able to register 3 more.

Ursinus took advantage of having the first throw-in and made a field goal after Evie Moyer led the scoring. However, Erma Keys took over after the Bears led by 24-20. Ursinus took the lead after Keys took off a jump shot and a free throw, caught her guard combination, on the way to 18 points. Ursinus continued to click and were able to register 3 more. The Bears then started to pull away and held the lead by 24-15. Ursinus continued to click in the second quarter and pulled away from 37-29. Erma then closed it to 41-32 and from here on until the end of the game they matched the Bears basket for basket. When the half-time whistle blew, the Bears had 42 points, and the Rosemont forwards to only one. The Ursinus forwards were able to register 3 more.

In the opening of the second quarter Jackie Landis and Manly Balbynteen replaced Lee and Tink. The guards, Peg Hunter, Manly Balbynteen and Sunny Arrison, held the Rosemont forwards to only one field goal before Ursinus regained the ball. Erma threw one up in the last eight minutes of the quarter, causing her guard combination, on the way to 24 points. Ursinus continued to click and were able to register 3 more.

Third Deck led by Grace Schulz, the third leading scorer in the conference, sank two while Bugs led the Ursinus scoring with 16 points the entire day on the home court. Nancy Connors and Floy Lewis held their own totals to 18 and 17 points respectively. Most of her points were scored on set shots which she handled very easily. Model Congress to Open
In Harrisburg, Mar. 29
A model Congress is the form the Intercollegiate Conference on Government will take in the 1946 conven­tion in Harrisburg, March 28-31. Decision was reached after three regional meetings in Harris­burg, Philadelphia, and Pittsburgh. Miss Genevieve Blatt is executive direct­ress.

To conform with the Congress plan, delegates to the convention will carry on the duplication of the introduction, debate, and passage of veto of current bills. All the political situations that normally occur will be presented, complete to lobbying. No faculty members will be permitted on the floor of the forum since the students are to be the only active participants. Spectators will be allowed in the galleries of the forum where the Congress will meet. Approximately 45 schools will be represented with each school being represented by between 20 and 30 delegates. Originally the ICO was organized at the University of Pittsburgh in 1934 by Miss Blatt and John Brack­en for students interested in gov­ernment activities. Past conven­tion models include constitutional conventions, political campaigns, and state legislatures.
