Cast Adds Finishing Touches To Operetta as Opening Nears

Esther Snyder Portrays Maritza
Schorro Cast as Count Tassilo

Practically in the shadow of the production, April 26, and 27, the cast of "Count Tassilo," is adding final touches to the second act of the opera. The role of Marian Zupan '48, student director, is that of Count Tassilo, President of the Music Department. "Count Tassilo," 48, stage committee chairman and his assistant, the Misses Cynthia and Wanda Zupan will be better able to feed off the cast.

The Arab of the Khd, Kholer Zupan, also Burton Barthe- nieli '48, Lacko, Nelson Veltek '48, will be giving life when the scenery arrives.

Kenneth Schroeder '48, who is ex- cellently cast as Count Tassilo, will be intriguing as the Oriental, giving love scenes with Maritza and his in- sider's perspective. After trying to win the Countess Popu- lares 1948, Delphine Thomas '47, Sigma Chi, this is the best move the world.

The Moslem world is much larger, Sau, braces over 276 million people chaperones for the dance which sylvania.

eral culture, the minor characters are im- portant to the development of the plot and contribute to the subtle atmosphere in the play, a Brooks always, the Countess Mar- populares '48, the role of Zingo, Richard Branden '48, will have opportunity of being incorporated in order as emotion-maker for Princess Bo- ron. The Countess Populares '48, Kholer Zupan who had her face lifted and does not move a muscle. Marian Zupan '48, will play the part.

A new choruses promise to provide the only calm- ing influence in the entire act.

The other members of the cast include manya, Doris Kenner '48, Lisa, sister of Pops, Mary Jean McFadden '48, Captain Steife, Richard Wendel, Lajo, lover of manya, Marynie Courts '48, friend Nymphon, John Burkhardt in the role of Captain Zingo, Robert Barroll '48, is playing the role of Mrs. Zingo, Jeanie Zupan '48, has been ar-

Dr. P. Hitti Addresses Forum on Arab World

Dr. Philip Hitti, outstanding American authority on the contemporary Arab world, began his visit to Ursinus on Wednesday by defining three im- portant points that have marked the Arab world. Hitti was invited to the forum to discuss political and nationalistic char- acteristics of the Arab world and the general political situation in that part of the world.

Dr. Hitti pointed out that the political and national situation of the Arab world is based on the domination of religion in that part of the world. The church has influenced all the countries in the Middle East, and as far as China, and as far as the Moslem countries as well. He discussed the role of the church in the Arab world.

The Modern world is much larger, reaching throughout the world's main areas, the Middle East, the East, and as far as China, and as far as the Moslem countries as well. He discussed the role of the church in the Arab world.

Y-M-YWCA to Sponsor Traditional Musicale For Easter Program

The traditional Easter Musicale sponsored every year by the YMCA. The program, under the direction of Director of Music, Mrs. Helen Repolte '48. An Easter program was held on Easter Sunday afternoon in the gymnasium. The musicale included the works of Bach, Handel, and other composers.

YPWCA is Head of the Easter reval s

Marjorie Djorup '48, is head of the Easter reval s.

Dean To Celebrate Birthday, April 20

Dean Whitten A. Kline, outstanding personality on the Ursinus campus, will be eighty-second birthday on April 20. He was born in York county, and was graduated from Ursinus in 1911. He has been stationed in Latin at Ursinus Academy until 1947. The Dean then spent four years at the University of Pennsylvania as a graduate student in Latin, receiving A.M. and S.B. degrees.

Returning to the college in 1905, Rev. Kline served as professor of classical languages until his retirement. In 1909, he became Dean of the Col- lege, a position he has held for many years. He has taught practically every subject offered by the college, and has had the majority of his students on the campus for more than 14 years.

Dean Kline has changed very little, and his picture was taken 45 years ago. He is 90 years old.

The students at Ursinus will long recall Dean Kline as an authority on many subjects, and his influence on the growth of the college since his student days. The dean is a member of the Classical Association of the Atlantic States and the Philadelphia Botanical club.

Dean Kline has changed very little, and his picture was taken 45 years ago. He is 90 years old.

Ursinus Dealed Allegany On Free Trade Problem Sat.

Ursinus students debated two teams from Allegany College on Saturday afternoon in Bomberger Chapel. The Allegany students, under the direction of Dean Mancini and his fourteen piece orchestra, will have an opportunity of being incorporated in order as emotion-maker for Princess Bo- ron. The countess Populares '48, Kholer Zupan who had her face lifted and does not move a muscle. Marian Zupan '48, will play the part.

Dr. Bitti explained that there were really two centers of influ- ence in the Arab world, one that has long been closed to progress and that is based on the ancient civilization of Egypt, and the other that is the most advanced of the Arab world.

The intellectual awakening of the Arab world really began in the 19th century with the return of the Eastern and Western parts of the Arab world to the land of Napoleon in 1878. Western cul-

GAFF from the GRIZZLY

How Loyal Tony Kept the Faith

Here is a true story

The other day, at the end of the H.O.Q. would bang shut every morning and every evening on a pair of bare feet down the hall would announce that there was a little six-year-old orphan who had practi-

cally adopted our dormitory as a family. He'd knock very softly on each door and then, whether he got an answer or not, he'd push his tou-

Now is the Time

"Now is the time for all good men to come to the aid of their party." How often have we, in the past, when we were young, heard this phrase without giving much consideration as to its meaning?

It can, however, be applied, right now particularly, to this campus. How? Think a minute.

Do you miss those Tuesday night dances which used to brighten up the usual drab week twos? For the life of me I can't tell you why they are things of the past. They are has-beens because the college has changed. There's no one on campus now who can claim to have ever been to one of these dances.

It would be a small matter to discharge those duties if there were enough volunteers so that the college could take over. But that is not the case.

It's up to us. Do we want the dances to return? Of course we do. There is a great deal of sentiment involved here.

As Dr. Tyson says and says, "Let us be danced into sanity"—our favorite expression. It is quite pertinent to the fact that the band arrived on time and left on time. Perhaps we should be able to overlook this one.

Question of the week was answered when Grant walked in with Fido. Tony had an exponential rise that day.

Peanut

An hour and a half, or an hour. That's all we're asking and so put it bluntly—how is that too much to ask?
The dance Saturday night was a success, as was the dormitory of which it is a part. It is up to us to have it happen again. To do that, there have to be Fixer and Fliss.

If you invite an off-campus date to a formal dance, it seems hardly worth while for him to come all the way up here and then have to go back at Vantine's.

The only alternative is to stay in for home, and the dance, if the rule was established to safeguard girls from driving around late at night, the long drive home involves more danger than driving to some nearby place for some- thing to eat. Thus the rule defeats its own purpose. We believe that the dance is hardly enough to go anywhere to eat and get enough without missing half the dance. In the view of the practice of other colleges in allowing girls at least an hour after dances, it would seem as if some such allowance could be made at Ursinus, in which, by means of a special pass privilege, we could also have that privilege.

Society News

The girls of Maples Hall entertained a dorm party on Friday night at Rec Center.

The Kappa Delta Kappa sorority held a party in Rec Center on Saturday evening.

Three-Way Tie for First Place Results 
As Day-Freeland Garners 13-11 Victory

Wednesday afternoon the interbasketball championship came to a three-way deadlock for first place between Day-Freeland, 2nd and 3rd Brodbeck and 1st and Hold Brodbeck, when Day-Freeland defeated 2nd and 3rd Brodbeck 13-11.

It was a closely contested battle all the way with Day-Freeland about one point lead in the first half. Easy Eysenberg, Evie Vogolin and Mary Kay Evans started at the forward positions and Rita Lieb, Polly Klingler and Claire Price were at the guard spots for the Brodbeck team. Grace Neblitt, Wilson and Olney Dulin held the forward posts and Doris Stierly, Lynn Warren and Gene Masters were at guard for Freeland-Day Study.

The foul shots were the deciding factor in the game. Both teams netted four field goals, but Day-Freeland-Made good use of

**Urconsin Nine Lose Practice Game, 5-4**

Giving each fellow on the squad a chance, Coach Meekinose's nine lost a practice game to Hill School in the last inning. The Ursinus club out-hit the home team 8-3. Both teams scored in the first inning but Hill School forged ahead in the second for a 2-1 lead. Ursinus knotted the ball game at 2-2 in the fifth and added another run in the sixth when Bob Groce and Ted Rittenhouse scored to score Wally Ohr. Hill School scored twice in the last of the sixth for a one run lead and the Bears tied it up in the top of the seventh. Fordham doubled in the last of the seventh for the home club and scored on a passed ball with two outs.

The illustrated lecture was accompanied by a number of early antiques from Mrs. Helfferich's collection.

X-change

In another step toward broadening university research and graduate training in the Southeast, representatives from 27 southeastern universities with graduate schools having membership in the Conference of Deans of Southern Graduate Schools met recently with leaders here to draft definite proposals for a graduate school at the Oak Ridge atomic project.

The representatives laid the groundwork toward establishment of an Institute of Nuclear Studies, making atomic research facilities available to university scientists and stimulating graduate research throughout the southeast and the nation.

A graduate training program for employees of the atomic project has been inaugurated by the University of Tennessee with the assistance of Oak Ridge leaders and other southeastern, eastern, and universities, according to Dr. Kenneth L. Herdt, University of Tennessee physicist recently appointed chairman of the Committee on Graduate Education for the proposed institute.

Creation of the Institute of Nuclear Studies still awaits approval of Congress and of southeastern university graduate schools, but the graduate training program is an essential phase of the proposed institute and it will facilitate establishing the institute to have this training already in effect, explained Dr. Herdt.

Other southeastern institutions are aiding the program by helping to find qualified instructors, said Dr. Herdt. Some of the universities plan to lend faculty members to the project.

Research workers here will be enrolled in the graduate courses, enabling them to pursue graduate degrees while employed in the atomic project. Such a plan of graduate training was recommended as part of the pending institute's program.

College and university enrollments this year show an upward swing of over 200,000, an estimated increase over 1944-45 of about 23 percent, according to John W. Studebaker, Commissioner, U.S. Office of Education, who recently announced the results of preliminary returns of a national sampling of 1,750 institutions of higher education throughout the United States.

Commenting on this announcement, Commissioner Studebaker considered the increase, which is the second time in less than 15 months, as a step forward in the nation's educational program.

REFRESHMENT READY... HAVE A COKE

THE MAIL BOX

Dear Editor,

Back in the good old days when hearts were young and gay, (they say) Ursinus students had recorded music over a loudspeaker to liven up their meals.

Meals at Ursinus are at best a hasty process of eating and running, when they should be a time of relaxation and socializing for which our busy lives seem to have so little other time.

Thus, who complains to the Student Council about the unpleasant and unatmospheric atmosphere created in the dining room by the students' lack of etiquette would do well to consider the much more of dining room atmosphere.

Instead of a short interval in which to crowd food into an empty stomach, meals would become slower, more relaxing, and automatically the students would pay more attention to their manners.

How about it? Can't we have music again? The food is much more pleasant, and mealtime will become the best part of the day.

May Day

(Continued from page 1)

cheerful comedy that bursts frequently into scenes of sheer joy. To quote the New Yorker Daily Mirror critic, it is "one of the pleasantest evenings of the season."

Under the student direction of Jane Estabrook '47, the cast includes Holstead Pottstown, Walter Westervelt '48, Elizabeth, Mary Ann Allen Bellis-tyme '48, Gerald Weybright, Jack Thompson '47, Bell Boy, Fred Grasen; Tom Cornish, Joseph Newlin.

The parts of Edith Weybright and Millicent Cornish are to be selected after the tryouts, and a stage manager and committee chairman are to be chosen at the next meeting of the Curtain Club.

Dr. Hitti Addresses Forum

(Continued from Page 1)

ture was brought in and the other parts of the Arab world were simulated from the Valley of the Nile.

Dr. Hitti especially praised the work of the American University of Beirut, even becoming humorous in the number of times he mentioned it. The Americans, he said, emphasized character building, study of the people's own language, customs, literature, and had "no political ax to grind."

Then Dr. Hitti said how the Arab League had been formed about a year ago, and aims include westernization of the Arab world, nationalism, and the hope of obtaining a rightful and helpful place in the caravan of democratic nations. This dream of the league Dr. Hitti believes will be accom­ plished if the Arab world is able to continue its progress without interruptions from Russia, Great Britain, and France.

In conclusion Dr. Hitti expressed his belief that the nations of the world could get along together if each would make an effort to understand and respect others' backgrounds and desires.

The Arab world at one time led the entire world in cultural develop­ ment, and the desire of all western nations was to accelerate the process of futurization in the hope that once more it may make the contribution to progress that it did in the past.

Canterbury Club

(Continued from Page 1)

members of the Canterbury Club that one of China's major problems is production of food. China, through Dr. Hitti's visit, needs our help in this task; help not only from social workers but from people in all walks of life.

At the next meeting April 23, the club will have as its guest Mr. Charles B. Allen, formerly a chaplain of the United States Navy, who will tell the students about his experiences as chaplain. All Episcopal students are cordially invited to this meeting.
