The French revolution has done much good. It has put an end to tyrannical governments, and liberated the people from oppression. It has also opened the way for a reformed society, and the people have the opportunity to organize their own government. The French revolution has also brought about a great deal of change in the world, and has set a precedent for the future.

The French revolution has also brought about a great deal of change in the world, and has set a precedent for the future.
