The magician came bounding from the corner of the studio. He had himself up in a suit of gray and black, a top hat and a gray tail coat. He looked more like a gentleman than an entertainer.

"I shall have to limit it," said the magician, unbuttoning his coat and loosening his tie. "I shall have to limit it to those who are in on the secret."}

**The Fighting**

George Washington was the most influential figure of the American Revolution. His leadership and strategic military tactics were instrumental in the success of the colonies against British rule. He was not only a military leader but also a shrewd politician, and his ability to inspire his troops was a key factor in the eventual victory. Washington's legacy continues to be celebrated as a symbol of American patriotism and the values of democracy and liberty.

STEAM - HEATING.
The Superiority of STEAM in comparison with the OLD METHODS OF HEATING cannot be questioned, for twice as much fuel can be obtained from the same amount of fuel than can be had from the old way of stove heating. Therefore every important consideration is that all the steam and incident to heating can be condensed, and the steam by the plants of the house. Steam Heating has come to stay. Do you wish to secure its advantages?

If you do, you are bending directly towards our line of business, and we want your order. We can supply you with just what you want, guaranteeing you. Then big and generous, and give us your word of honor that you have our money, and we shall do business. The Robert's Machine Company, Collegeville, Pa.
