Bond Drive Tops Goal to Enable Purchase of Two Army Ambulances

As a climax to the war stamp and bond campaign sponsored by the Student Council and the class association during a period of four weeks, Dr. John M. Lentz, chairman of the bond committee, announced that the class of 1944, the senior class, has attained a goal of $1950, allowing them to buy two three-quarter ton army ambulances. By increasing the class' share of the total sum raised, the class has also contributed the sum of $492.45.

The bond drive has been in operation during the final week was made possible by the support of the students of the Ursinus college. Weekly sales from April 16 to June 18 followed this: $828.00, $512.50, $233.15, $234.00, $189.50, $122.15, $115.00, respectively.

The winners of the pin-up contest were joyner '46, and Jack Simmons, brother of Barbara Simmons '48.

Special credit goes to the girls who sold the stamps and bonds during the last week of the supply store. They are Jane Harris '48, Milly Wilson '47, Beulah Cedilton '47, and Helen Brodbeck as Dorm store. They are Jane Harris '48, Milly Wilson '47, Leona Bechtold '47, Jane Ellis '47, and Wilma Huns- tor, became the official delegate of the college in the winter terms. The rooms are fairly

 Shots Jobs Rate Highest with Coeds

Exams are all finished. Those caffeine pills have been put away for another semester and most everything is ready for the holidays. After queering with headaches—now comes the question of summer jobs. Remember, there are ways to have a good time by getting into different fields for summer work. It must be enjoyable.

The favorite among the coeds appears to be the shore and a wait­

A few of the fellows who were visiting this weekend past were Ray of Ke and Bob Swope. They

be remembered for a long time. A few more of the fellows of the society will be attending the meeting this week. They will be responsible for all the arrangements for the meeting.

The proposal to the board of directors was agreed upon and the society will now be ready to start the first meeting. It will be held in the gym on Monday, October 18th, at 7:00 p.m.

SOCIETY NOTES
The girls of the Day Study recently attended a shower given by Betty Cowell for Gene Keeler.

Ruth L. Phinney, daughter of Mr. and Mrs. A. L. Phinney, will become the bride of Dr. A. L. Phinney of Kansas City, Mo., on May 12.

The girls of the Pirate Club recently entertained Mrs. Dowd at a shower in the Pirate Club reception room.

Miss Sigma Mu sorority held an informal dinner dance at the William Penn Inn in Lansdale on Saturday, June 10. The Valley Forge All­

Bowlers and the Sunshine Club will be having a formal dance at the YMCA Saturday night.

Bowlers and the Sunshine Club will be having a formal dance at the YMCA Saturday night.

A recent meeting of the Psi Lambda Psi society was held on the campus. It was called to order by the president, Mr. John Miller.

The Psi Lambda Psi society is a social organization for men who are interested in the fields of music and drama. The meeting was held in the auditorium on the campus of the college.

Joe Chevy (Anatomy) has been elected the new president of the society. He was chosen by a vote of the membership.

The society is open to all men who are interested in the fields of music and drama. Meetings are held every Wednesday evening at 7:30 p.m. in the auditorium on the campus.

The society has a number of officers, including the president, secretary, treasurer, and other members of the executive board. The officers are elected by the membership at the beginning of each semester.

The society sponsors a number of activities, including concerts, plays, and other events. The society also works closely with other organizations on campus, including the student government and the campus newspaper.

Will and Testament

We, the class of 46, having been declared cleared in mind, hereby set forth this will and testament.

We bequeath: Litwak's to Drewhowsh, Tess and Ed Harbor to his world unless he is inwardly moral, every human loyalty.

Marjory Gelery may have done these last twenty-five years, breaking every law of moral character, and could have got away with it save that she would shake the earth to its foundations, there would have been a bloody war.

It is not for any human and every man a bride.

Reverend Bomberger believes that there are many Americans who believe like our own that religious education can bring about development in moral character.

The possession of power calls into being the same time of personal character, Good and bad are but a small part of personal character.

It is quite a eloquent andvalid.

Roosevelt's Appeal for 7th War Loan

WASHINGTON, D. C.—Before his Senate3 President Franklin D. Rooseve lts the appeal in support of the 7th War Loan for March 25, 1945. The President set forth the greater produce food and the burning War Bonds to a victory. He said:

"In the past three years more than 100,000 Americans have laid down their lives in the defense of the United States. We must win the war and must do so with the help of every American."

Roosevelt - Mr. Roosevelt

Outstanding Seniors Make Who's Who For Service and Personalities on Campus

Jean Phillips — Service with a smile was joyous duty in the supply store and around campus.

James Preaskorn — Jim, an all-around good fellow, who makes a perfect lawyer.

Frances Todale — Tip probably the busiest person in campus; but she could always find time to help someone out.

Joseph Chlarswell — Foo lead this year's senior class as being of Brown's right hand side.

Paul Finn — A chem-bi major by trade who found Freeland very interesting.

Regina Fitt — A hard-working South girl who made record time in getting through the chem-bi course here.

Margery Gelery — Marjory repaid in Mgales but found her work well distributed about campus in the chem lab, as a debater, and active on WSGA.

Joy Harter — Joy made the Weekly a raising success as well as helping out on nearly all the activities on campus.

Marjorie Sell — The charming personality and one of Derr's belles will always be remembered.

Anne Raind — A senior class belle who finds the Philadelphia atmos­phere an important factor. She is well known to all the campus.

Beck Shute — This Fiskirk combi­nation of physics and chem-bi couldn't be bothered anywhere.

Joe Bart — Joe was the North winds old blow. Peg always kept us.

Ethel Anderson — Andy that girl from South who always had some dramatic talent handy to amuse everyone.

Jeanne Beers — Jeanne with her quiet ways was a pleasure to everyone.

Donald Boyer — Don was an all-around good fellow, keeping up on his课程, rolling on this campus.

E. J. Cassatt — One of the best students in the political science department of Franklin D. Roosevelt, to Irene Stufan 2.

WSGA INSTALLATION

(Certified from page 1)

The committee, Gene Mesters '47, chair­man, and Hilda Anderson '48, as­istant chairman, of the Booster League, elected Marjory Gelery as chairman of the Dormitory presi­dents.

"In the happy distant place,

For wondrous revelations

Why Lead Chloride is white!

They have devised the word FUNK. Funk, it seems, comes from the Flemish FONK, and is used to denote fear or panic which is an adequate description of the citizens of Norristown bright and vivid.

The system we have chosen is the curve system, the book of the curve at the close of, or at least at the beginning of the course.

Investigating the derivation of the word Funk, some­times it is used as an adjective, sometimes as a noun, and sometimes to denote an object of the shade of a broad-brimmed cocked hat.

Unusual Heroes or A Hydrogen Sudful Dream

Aiding the vapors rising from the mud puddles, they searched for the window and that rarity — fresh air outside.

In the fast tube's cloudy sky For wordful revelations To aid in understanding that which puzzled, some­one had written, "Cocked over the pond's edge" and it would have been that wept, that patience, that time, that time, that time, that time...

Unsuching the window, down the street, and beyond, the edge of the street, beyond the street, beyond...

There is an inevitable tendency for examinations to increase in diffi­culty. The questions are fre­quent, and the examinations impose too great a strain on grow­ing pupils, especially girls.

The moral order and the conditions of the time and day should be such as to reduce the strain to a minimum. The exam­inations, therefore, we tend to minimize the effects of mental fa­tigue.

Unspoke.

In the long run, we'll have to blame the Chinese for last year's finals. Examinations originated in China, and since we have now started in medieval Europe, we have been prompted to think that those periods were the rack, split­ter, and torture-chamber...

Unsung Heroes or A Hydrogen Sudful Daydream.

These are all the things that happened.

In between the big conferences With a moment to spare. We see no other line (Just to see what's there.)

It is a shame that Fisher Gymnasium was burned. Loved H2E too dearly. For Bengt, he was such a nice fellow. But! I can see her
