"THE Fleets In!"

Dean Steward, star Bear back of gridiron, declared that he has received his sports "thrill of a lifetime". Deuce did not appear, the coach of the merged Philadelphia Eagles-Pittsburgh Pirates at Thirty-third bar private club, has invited Dean to attend the threeweekly practices which the Eagles will be having. As such he is expected to be responsible to the Dean of Men and on an equal basis with the council members.

As President of the Men's Student Council, I would like to take this opportunity to say that the added responsibility that this new position would bring is one that Dean of Men has been good. This has been true with all the students who have been in this position in college. They have been able to serve in a unique and valuable way in the overall educational program at Ursinus.

You must all realize that due to the war emergency, certain drastic changes must be made. In making these changes you have shown yourselves to be real Ursinus men. You've made a good job up to now, and from here on let's make it double.

H. DEAN STEWARD '43, Pres., M.B.G.

TO THE MEN OF UR SINUS

Summer school is in full swing—yes freshmen are having your first taste of College Life—and perhaps many of you sophomore, junior and senior women are having your first taste of college life.

Living at Ursinus may be different now, but its Saturday classes, limited late permissions, and midnight curfews are all the same. Fortunately in being able to attend an institution like Ursinus, you have all realized the true meaning of college life.

Today women everywhere are taking upon themselves new responsibilities. Today there are girls in every walk of life who are attempting to do their share. Here at Ursinus, though we are meeting more and more responsibilities, we are not as yet able to do so, though we have greater chances than ever before to excel on equal bases with councils and characters; we are confronted with many of the problems faced by women in the world at large. The women of Ursinus are interested in all that is happening in our country's future and we should perform will the same spirit as other Ursinus women. The quality of our campus life an aspect which will be of benefit. For truly, each woman student is just as much a part of the W.O.G.A. as those of us on the executive committee. Rules are created and enforced for the good of all us, and therefore must be established by us all.

We must see that the friendly spirit of Ursinus is maintained, and we must not be afraid to talk to other Ursinus women or to all our association with fellow students.

Here and now we women must keep up our spirit and to hold to our scholarly standards laid down by the women who have gone before.
