WASHINGTON LATELY.

From our correspondent, April 7, 1891.

The close weather from head for several days has made it possible for us to do some work out of doors. The present weather is unusually warm, and we are hoping that it will continue so. For the past few days there has been no rain, and the fields are now ready for the harvest. The crop is looking good, and we are looking forward to a good harvest season. The weather has been unusual for this time of year, and we are hoping that it will continue so. The fields are now ready for the harvest.
