Giants Dominate Intramural All-Stars Named by Coaches

Muhlenberg Captures League Football Title

"Dodge" Julian's Muhlenberg, despite the loss of their coach, Mr. Harry Atkinson, finished their season with a 5-1 record, landing them in 2nd place. The team went undefeated in the 1942 Eastern Pennsylvania conference football race, which was the first championship for the Mules, who were recently promoted because of their outstanding ability. During the season, these up-and-coming young stick wielders should certainly be watched for the pivot berth.

Muhlenberg's tussles with Bomberger were much closer games, too. Well we as soon as possible.

Looks I'm Over

First off, I guess it would be fitting and proper to correct a little mistake that slipped into last week's column. I made mention of the fact that this year was Ursinus' fiftieth anniversary in football; then I forgot our from Jan that we missed all but only a year long mistake. The real fact, in case you haven't heard, is that this year, not next one, is the silver anniversary. Please pardon. At any rate, let's hope that there will be a celebration, and that transplantation that celebration will be topped off by a regular varsity playing schol.

All this talk about there not being intercollegiate sports up here next year is a little disheartening to the athletes. It looks from here as though that if there is any manpower at all left in school, we should at least attempt a little athletics on the intercollegiate scale.

About Muhlenberg, we have the coaches and this year promised that we're calcining a little spirit again. The only bad tide is the fact that transportation may not be sufficient. But worse comes to worst. I don't believe that the OGT would get all mad at us if the boys packed their own bags and hiked into the goal line to reach the opponent's lair. But right now all we can do is hope, because the issue, at the time, lies in the hands of the Dean of Men and the murderer's row in the freshman class. It gives a feel that old days again when he reads in the paper about Muhlenberg's tangle with Temple and 82,000 fans were mighty close games, too. Well we played when we did.

This journalism is teaching boys the thing quite the same. A fellow from the Down Tumakers or Pete himself around if he gets the right twist on the situation.
