German Club Meets Tonight

German folk dancing will be the special feature of the evening for the German club, which will meet tomorrow evening at 8:30 p.m. in the reception room of Freeland hall. The dancing is part of the social event that has been planned for the club by its president, Helen Rogalski '44A. German Instructor Charles Steinmetz will lead the folk dancing as well as the singing of German folk songs.

All members of the German club, as well as all other students who are taking any course in German, are urged to attend this meeting.

Sunday School Class Celebrates Valentine's Day

Celebrating Valentine's Day, despite the fact that the calendar said it was Lincoln's birthday, the Trinity club, newly named College Sunday School class of the Trinity Reformed church, enjoyed a party last Friday evening in the Sunday School classroom.

Each member received a Valentine from another member, while games and square dances topped off the evening. Betty Jane Cassatt '43, headed the entertainment committee.

At its last meeting, the class elected Marion Humbert '43, as its secretary, while Henry Haines '44, was made vice-president.

Educator Explains Marriage Dangers During Time of War

by Associated Collegiate Press

Mrs. Alexander Thomson, president of Western College, Oxford, Ohio, warns college girls against looking upon married life merely as a safety belt. "Marriage is one of the most normal, natural and delightful experiences that any person of either sex can have," declared Mrs. Thomson, who is the mother of four grown sons, some of whom are married and have children.

"Yet during wartime, marriage must face many perplexing problems, the solutions to which are not always indicated by present or clearly marked courses."

Warns of Hasty Weddings

"First, marriage can no longer be regarded as a purely personal matter. The fact that so many war marriages are hasty ones will only add to the general instability of our country after the war is over."

"At that time there will be so many factors contributing to our national unrest and unhappiness that for any group to add to them is of almost national significance."

"At the very core of the national stability we are fighting for is the stability of the home. By jeopardizing the one, we are equally placing the other in jeopardy."

Marriage Won't Be a Meal Ticket

"Young women can no longer regard marriage as a meal ticket. In the new post-war economy, both men and women will have to work—marriage can no longer be a solution to the economic problems of making one's living. Some people should be advised to consider all these factors before making their choices and decisions."

"Marriage is not a status quo; it changes from day to day. People accepting time and experience are running serious risks to their happiness as well as to their married life."

Frosh Women Make Sorority Choices

In Midst of Tears, Squeals, and Hugs

Well, it's over! That is the sorority scramble for this year's crop of froshwomen. The rushing parties are now forgotten, and even the tumult and the shouting of last Saturday afternoon has died away, leaving the Ursinus campus to settle back, as best it can, to a sober and uneventful life.

Sigma Nu led off with its party on Monday evening, initiating a round of complements, arm-patting, and good-natured season. Kappa Delta Kappa held sway Tuesday evening; Phi Psi on Wednesday; Omega Chi on Thursday; while on Friday the food was on Tau Sigma Chi.

The week's tensest and exciting moment came Saturday afternoon, when the freshmen gathered in Room 7 of Bomberger to make their irrevocable selections. A large crowd of curious men students gathered around the doors to see the show.

Hesitantly, slowly, singly, and in groups the girls came out of Room 7 and headed for their future states who were waiting in nearby rooms. There, kisses, hugs, and squeals of delight greeted each girl who opened the door.

When the smoke (of powder) had cleared, things stood like this:

REPORT BY MED SCHOOL ASSOCIATION 
GIVES URUSINUS GRADS HIGH RATING

A lot of people who pick their 
colleges on the basis of respective 
standings are of the opinion that 
the smaller American college is on 
the way out, and that the current 
draft is supplying a much needed 
coup de grace.

Of course, this type of logic 
bases its reasoning on the assump­
tion that any college which doesn't 
produce great football teams na­
turally would fail in less important 
things like preparing men for 
medicine, dentistry, or the legal 
profession.

While naturally recognizing the 
importance of intercollegiate sports,
the Association of American Medi­
colleges states that American 
colleges often prepare their graduates 
in med school.

The drilling sounds so strenuous—I 
wouldn't like the work?

The idea of joining the WAAC is not 
limited to replace trained soldi­
ers in the women's service; it is also 
to help our Army (as women in Drita­
ian, Russia and Germany, are 
needed at the front).

Some questions and answers of interest 
to every patriotic college woman

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today 
are the girls in khaki! Some calisthenics and drilling are 
integral to good health, discipline and tuned-up reflexes.

Maybe I wouldn't like the work?

People are happiest doing what they do well. Every effort 
made is to place you where your service will count most 
toward final victory. You may have some latent talent that 
will fill a particular need for work interesting and new to 
women—such as repairing the famous secret bombsight, 
rigging parachutes, operating the fascinating new electronic 
deVICES— or driving an Army jeep over foreign terrain.

Then I have a chance to learn something new?

Yes. Indeed. And the list of WAAC duties grows constantly. 
The training and experience you get in the WAAC may 
equip you for many stimulating new careers opening up for 
women.

What are my chances of promotion?

Excellent. The Corps is expanding rapidly and needs new 
officers, both commissioned and noncommissioned. Those 
who join now have the best chances. All new officers now 
come up through the ranks. If qualified, you may obtain a 
commission in 12 weeks after beginning basic training.

What is the age range and other requirements?

Very simple. You may join if you are a U. S. citizen, aged 
21 to 44, inclusive, at least 5 feet tall and not over 6 feet, 
in good health—regardless of race, color or creed. But the 
Army needs you now—don't delay. Total War won't wait!

Girls Will Travel To Swarthmore For Third Game

Schools Resume Relationships After One Year Lapse

The Ursinus girls' basketball team leaves its home floor for the first time in 1943 this afternoon when the coeds ride to Swarthmore for a third straight victory of the current campaign.

Basketball relationships between the two schools were resumed a year ago after a lapse of one year, and the coeds are expected to duplicate the winning which they began in 1942 and continued in '43. The Ursinus girls' basketball team on the court to oppose the University of Pennsylvania with a fairly successful sexket to overcome. Swarthmore has its streamlined team in years and will be especially prepared for the game with Ursinus. They have a high scoring forward combined with several veteran guards who have held all previous opponents in check.

Despite the strength of the opponents, Miss Nellie is hoping the girls will carry their third victory in a row and will place the same amount of intensity to this game as the first two games. This combination includes captain Betty Bradway, Jeanne Mathieu, Marion Bricker and Betty Harrington. These girls will be supported by Mill Bricker and Betty Bradley.

JAYVEE TEAM LOOKS AHEAD TO FIRST TRIP WESTWARD

Freshman Courtney Richardson May Get Starting Position

After adding a victory to the one over Penn, the girls' junior basketball team is looking ahead to its first trip westward Saturday when they will meet the cooked Owls of the University of Pennsylvania. The Owls have been called the toughest team in the opponents' court.

Coaches say goodbye again and every member of their squad into the line-up this afternoon. The Owls are working the girl's hard in preparation for the trip.

Freshman Courtney Richardson, a newcomer to the squad, is expected to work into the line-up in the front and is pressing the other team members for a starting position.

Wrestling Squad Opens Intercollegiate Schedule At Swarthmore-Saturday

Another intercollegiate sport will have its 1943 debut this week; when on Saturday morning Coach Ken Stevens's team will round out the Intercollegiates at Haverford College in a meet of national character.

The fellows have been working in the gymnasium under the watchful eye of Coach Stevens for the past six weeks, and are in fine shape to tackle the fraternity.

Bob Thrane probably will handle the 121 pound division. Walt Hunt, who formerly wrestled in the 138 weight division, Dick Schell in the 175 weight division. George Smith, the squad, will take care of the 136 pounds.

The 143 pound division is open, but Coach Stevens is counting on Jack Miller, Dave Freeman, and Mason Kwoll to extract from Bill Berg, a freshman, at 165, and John Doe, a second string forward in the 138 weight opponents. David Heller of Bethlehem is out of shape to be a leading candidate which Coach Stevens will use in the men's weight divisions.

For Rowe, Muhlenberg, Gettysburg, and Glauberg are being placed to give the Ursinus team to get in shape for the Intercollegiate Championship and the other meet.

Parents by Proxy

Aid Spanish Child

The students of Ursinus are the foster parents of a 13-year-old Spanish child, Carmen Moreno Oyarbide, who at the present time is living in England.

Through the Foster Parents Plan for War Children, Inc., whose headquarters are in New York, Ursinus Y leaders have insured help for the girl since 1940. Fifteen dollars a month, the combined contributions of numerous students, have made life bearable for the Spanish refugee, providing her with food, shelter, and friendship.
