NATURE.—FIRE OF CANADA—WRESTLING—A WATER-MARKED RIBBON—SPORTING SKETCHES.

Aagnar on a Staircase.

A new listen to the effect of a great addition in the number of new and popular candles. The excitement is increased by the fact that the number of new and popular candles is larger than ever before. The new candles are made of the finest materials, and are said to be of the same quality as the old ones.

The candles are made by a candle manufacturer who has been in business for many years. He has always been noted for his high quality candles, and is now producing a new line of candles that is sure to be a great success.

The new candles are made with a special kind of wax that is said to be the best in the world. The wax is carefully selected and prepared, and is then mixed with a special kind of oil that is said to be the best in the world. The mixture is then placed in a special kind of mold, and is allowed to cool slowly. This process is repeated several times, and the candles are then taken out of the molds and allowed to harden.

The new candles are said to be the finest in the world, and are sure to be a great success. They are being marketed at a price that is very reasonable, and are sure to be in great demand.

The manufacturer is a man of great experience, and has been in business for many years. He is well known for his high quality candles, and is sure to be a great success with his new line of candles.

Meeting of Pastor's Aid.

A regular meeting of the Pastor's Aid Society was held at the Bible Institute building on Saturday last, at 2 p.m.

Worshiping in a Hall.

The Presbyterian congregation of this place met in the hall of the Bible Institute building last Saturday afternoon for the purpose of worshipping the Lord. The Reverend Dr. A. W. Wilson, of Philadelphia, was the speaker of the day.

Hotel Sells for $8,000.

Mr. Robert S. Wilson, of Philadelphia, sold the hotel on Sixth Street, in this place, to the highest bidder, for the sum of $8,000. The building is in a very good state of repair and is located on a very busy street.

A New Hedge Streetside.

David Sprigner and A. T. Keeny, of this place, are in the process of clearing a hedge on the street side of their property. The hedge is to be extended to the front of the property and will provide a nice boundary for the street.

Barren Vexed of Tramps.

At a meeting of the Town Council, held last Wednesday, the council passed a resolution authorizing the expenditure of $500 for the purchase of a horse and buggy to be used as a patrol for the town.

Instruments Killed.

Miss Frances A. Moon, of Philadelphia, was seriously injured in a bicycle accident on Monday last. She was rushed to the city and is expected to make a complete recovery.

Dr. Rambo has been bedfast for several days with pyrexia. The doctor has been under the care of Dr. E. A. Moore, and is expected to recover.

Arrangement for Sale.

A regular meeting of the Ministers of the Church was held last Friday, and it was decided to hold a sale of the church property on Saturday next. The property includes the church building, parsonage, and graveyard.

Local.

The funeral of George W. Zimmerman, trustee of the Zion Church, was held on Saturday last. The funeral was attended by a large number of friends and relatives.

The Borough Solicitor was authorized to enter into a contract with the builder for the construction of a new police station.

The exhibit will present specimens of the various crops grown in the county, including potatoes, corn, and wheat. The exhibit will be open to the public from 10 a.m. to 5 p.m. daily.

PERSONAL.

Miss Frances A. Mann, of Philadelphia, is expected to return to the city on Saturday next. She has been ill with a fever for several days.

John T. Flagg and John Doane, of Philadelphia, are in the process of clearing a hedge on the street side of their property. The hedge is to be extended to the front of the property and will provide a nice boundary for the street.

The exhibit will present specimens of the various crops grown in the county, including potatoes, corn, and wheat. The exhibit will be open to the public from 10 a.m. to 5 p.m. daily.
