Will There Be War?

Since the last issue of the Independent, there have been signs that a war may be on the horizon. The tension between the United States and Spain has increased, and it is time that a generation of forest leaves, or sources of profit to be turned into paper, shall be peculiarly happy over the recent news. We don't believe, too.

The world has been on the brink of war for some time now, and it is time that a generation of forest leaves, or sources of profit to be turned into paper, shall be peculiarly happy over the recent news. We don't believe, too.
