The Ursinus Weekly

Entered December 19, 1902, at Collegeville, Pa., as Second Class Matter, under Act of Congress of March 3, 1879.

VOL. 10. NO. 29.

COLLEGEVILLE, PA., MONDAY, APRIL 22, 1912.

PRICE, 3 CENTS.

SIX HUNDRED DOLLARS SUBSCRIBED

Students Start Movement for New Athletic Building.

The mass meeting held Wednesday evening to secure funds for the new athletic building was a success and enough money was pledged to enable Coach Price, who is in charge of the movement, to promise that work will be started by the latter part of August or September so that the building may be used during the coming year. Five hundred and forty dollars was subscribed by the students attending the mass meeting alone, and this amount has since been increased to six hundred dollars.

A general committee consisting of two members of each class with Iseberg, '12, as chairman, was appointed to continue this work and to take general charge of the excavating for the foundations, which will be done by the students working in relays. A committee to arrange for several dances was also appointed.

The building, which will for the most part be paid for by the students and younger alumni, will require \$2000 for the first cost. It will be 102 feet long and 52 feet wide, and will be built on plans in harmony with the present Field House and of the same stone. Its location will be near enough to the present Field House so that both buildings can be heated from one plant. The building, which cannot be considered a gymnasium in all respects, will have many other advantages which a gymnasium lacks. It will be something on the order of the Field Cage at Hill School, Pottstown. There will be a sand floor with a six-foot cinder track with nineteen laps to the mile. In the center a removable platform will be placed for basketball games, boxing, and wrestling. Gymnasium apparatus will also be put up as space admits and other indoor sports may be indulged in. In early spring and fall the floor can be removed and preliminary practice can be held if unfavorable weather conditions prevail.

A motion was made in the mass meeting and unanimously carried that the new athletic building be named the Robert Thompson Memorial Field House in memory of Robert Thompson, a member of this year's graduating class who died on March 7, 1912.

GLEE CLUB CONCERTS

Male Glee Club Pleases Audiences in Phila. and Spring City.

The Glee Club gave a concert in Bethany Temple, 53rd and Spruce streets, Philadelphia, on Thursday evening to a small but appreciative audience. The concert was a success and the numbers were encored frequently but the very inclement weather prevented many people from attending it. It was given under the auspices of the Junior Choir of Bethany Temple of which Prof. Jolls is the soloist and choir-leader. The features of the program were the selections by the male quartette, the trombone-cornet duet by Erikson and Allewa and the Zobo band. Bransome kept the audience in very good humor while Paisley drew his sketches and both deserved the applause they received. The Glee Club returned the same evening by special car from Norristown and all spoke highly of their treatment during their brief stay.

On Saturday evening the Glee Club journeyed to Spring City and gave a concert in a hall under the auspices of the Reformed Church. The hall was well filled and the audience seemed to be pleased with the entertainment. The numbers were applauded liberally and encores were frequently demanded. The selections by the entire Glee Club and especially as a Zobo band were of a high order and the program on the whole, although a little shorter was well balanced. Engagements are being made for concerts in Chalfont, Pottstown and Norristown in the near future.

Baseball Games Called Off.

Owing to the heavy rain, both the Lehigh game and the game between Pottstown High School and the Reserves were called off. The game with Lehigh was looked forward to with a great deal of expectation and the unfavorable weather conditions caused much disappointment. The second-string men elected Ray Seaman as their captain on Tuesday.

College Orchestra.

The orchestra which furnished the music at the Schaff Prize Debate will be organized upon a permanent basis. At the present time it consists of two cornets, two trombones, two violins, clarinet, flute, and piano. All those capable of playing an instrument should come out and make the organization a success.

MAY FESTIVAL

Arrangements Completed for the Annual Musical Event

The annual Music Festival will be held on Thursday and Friday, May 2, 3. Three concerts will be held, the first consisting of the cantata "The Golden Legend," by Sullivan on Thursday evening, May 2, the second being the Artists' Recital on Friday at 3 p. m., and the third being the cantata, "The Children's Crusade" by Gabriel Pierre on Friday evening. The Handel Choral Society will be assisted by the Choral Society of Schwenksville, resulting in a chorus of 130 voices. The children's chorus of 100 voices will be secured from the Collegeville Public Schools and from Bethany Temple, Philadelphia. The soloists will be Miss Florence Hinkle, Miss Viola Brodbeck and Miss Grace Saylor, sopranos; Miss Evelyn Estes Carbutt, contralto; Mr. Nicholas Douty, tenor, and Mr. Perley Duan Aldrich, baritone. With the exception of Miss Carbutt and Mr. Douty, these artists have taken part in previous concert in Bomberger Hall and are well known to patrons. Committees have been appointed and all arrangements are being completed for this annual event.

Relay Team Chosen.

On Saturday morning the trials were held for the relay team which is to represent Ursinus College at the Intercollegiate Relay Races to be held on Franklin Field next Saturday, April 27. Kerschner, '12, Wiedorn, '14, Paisley, '13, Kell, '14, and Riegel, '15, made the best showing and will probably be chosen for positions on the relay team. Of these Wiedorn and Kerschner made the best time, both doing the quarter mile on a poor track in about 58 seconds. The interest in track work has been much greater this year than heretofore, there being twelve men in the squad. The squad included Kerschner, Paisley, Wiedorn, Kell, Rumbaugh, Riegel, Shope, Sisseron, Kellar, Austerberry, Bogert and Clark. New suits will be furnished by the Athletic Association to the team. The class in which Ursinus has been placed contains Gettysburg, Manhattan College, Brooklyn Institute, Franklin and Marshall, Brooklyn College, and Washington and Jefferson.

SCHAFF PRIZE DEBATE.

Negative Receives Decision of Judges and Win Prizes.

The tenth annual prize debate of the Schaff Literary Society was held in Bomberger Hall on Friday evening, the question debated being: "Resolved, that the power of amending the Constitution should be placed in a majority vote of the Senate and House of Representatives, meeting in joint session." The speeches were well thought out by both sides, the arguments of the majority of the speakers were presented in a spirited fashion, and the debate as a whole showed a consideration of college life, in which there is too little interest taken.

After an instrumental duet by Miss Boorem, '15, and Miss Bartman, '13, and the invocation by Rev. Silas L. Messinger, D. D., Charles L. Maurer, '12, chief of the affirmative, opened the debate by outlining the arguments of his colleagues and then by proving very clearly the fact that, under the present system of amendments the principle of democracy is frustrated. His speech showed a wide knowledge of the subject, was replete with illustration, and served as a good introduction to those following. Miss Brooks, '12, chief of the negative, gave the second direct speech, in which she also outlined her side and, in a way which indicated thorough preparation, also made evident that some other system should be adopted to insure democracy. The arguments of Charles O. Reinhold, '13, second speaker for the affirmative, in emphasizing the contentions of his first colleague, did so in that they were not only stated and explained but were also presented in a forcible manner. E. Bruce Jacobs, '13, who followed the second affirmative speaker, gave the best direct speech on the negative side. It likewise tended along the line of thought that the present system is undesirable, although it additionally contained the point that the system as proposed by the affirmative would be no more beneficial than the one in vogue. The closing speeches of Dewees F. Singley, '15, for the affirmative, who held that the system stated in the question should be adopted, and Albert Holt, '14, for the negative, who proposed a plan, apart from the present one and the one in the

EDITORIAL

The college spirit displayed in the mass meeting on Wednesday evening is a good index to the character of the students at Ursinus. The occasion, as stated in other columns of the paper, was to raise funds for the new Athletic Building. The student body was not wildly demonstrative, but their interest in the movement could be shown by the fact that very few, if any, left before subscribing toward the fund. Less than one hundred students subscribed five hundred and forty dollars in the first meeting. Since then the students' quota to the fund has materially increased.

The majority of those registered at Ursinus College do not come from very wealthy homes, but rather represent the middle class. We point with pride to the spirit of democracy so evident among us; to the spirit that no matter what a man's position in his home town may be, here he is on a level with his fellow. Such an atmosphere is especially favorable to the cultivation of friendships of a deep and permanent nature. The students recognize and support any movement, such as the present, which will make toward a greater institution. Their willingness to excavate for the foundations was a worthy step toward the success of the movement.

We feel it beyond our power to say anything about the name for the new athletic building, but the Robert Thompson Memorial Field House will always bring to our attention one who left a lasting impression upon us.

ADDRESS ON "CREATIVE EVOLUTION."

On Tuesday evening Dr. H. W. Dresser, of the Department of Philosophy, gave an address on "Creative Evolution" to a group of students and members of the Faculty. The meeting was arranged by the Historical-Political Group and was well attended. Dr. Dresser gave a very interesting and instructive talk, using a book written by Dr. Bergson on this subject as the basis of his arguments. Dr. Bergson is the foremost man in his field in Europe and takes a comparatively radical stand upon the subject as compared with the position of the average person of today. Dr. Dresser's address in part follows:

"Creative Evolution is the assimilation and construction of new ideas upon older theories. The motive power behind all evolution is probably akin to consciousness, but Bergson takes his starting point on the assumption that the world of time is real and that we are but collections of tendencies handed down and subject to change. The ultimate origin of things is life from some fixed force. The explanation that the Supreme chose this cosmos with a definite world plan in view, towards which everything is predetermined would be inadequate to the creative idea of evolution. The universe is the expression of life, the brain of consciousness. God is a creating power producing in the present as well as in the past. The evolution of mind advances on two distinct lines, the instinct and the intellect. The intellect thinks in solids, and accordingly our thinking is artificial and stimulated. Bergson appeals to those examples of free will in which one breaks free and advances in spite of opposition as exemplified in the present political campaign. 'The world of action is real and requires much study.'"

Talk on Africa

On Monday morning Dr. Nassau of the Presbyterian church who has been a missionary to Africa for forty-five years gave a short talk at Chapel. Dr. Nassau was situated in western Equatorial Africa, a district visited only by missionaries and traders. The attitude of the missionary, unlike that of the trader, who is domineering, is to affiliate the native and by giving him the chance to learn a trade, make him a better and more useful human being. In the work of founding industrial schools Dr. Nassau has been instrumental in starting and conducting this movement.

S. G. Dunsenth, '10, A. M. Columbia University, '11, was ordained by the New York Presbytery on April 8.

ELECTRICITY FOR LIGHT INEXPENSIVE

Good light lends cheer and comfort to every home and once enjoyed you will hesitate to return to the use of kerosene lamps.

As an example of what it costs we give you the average costs of lighting during the shortest days of the year. You require artificial light in the kitchen, on such days on an average of four hours, and with the 75 watt Mazda lamp, you would consume 100 watts; in the dining-room the average is three hours, and with the 40 watt Mazda lamp you would consume 120 watts; in the library or sitting-room the average is 300 watts; in the bath-room you would consume 25 watts; with three sleeping rooms, and using the 75 watt Mazda lamp, and an average lighting of three hours, you would consume 75 watts; a total of five watts.

Our rate is 4 cents per 1000 watts, with a minimum rate of \$1.50 per month, for which we allow 1000 watts. You may not require light as many hours as we have figured, and you may not use it in as many rooms as above described, but if you use it as illustrated it will cost less, a fraction over 8 cents per night, and on the days when the sun rises late and sets early.

Let us help you to turn winter nights into summer evenings.

Y. M. C. A.

The meeting last Wednesday evening was addressed by Dr. Good. It was a final study of the Mission Class in connection with the regular weekly Y. M. C. A. meeting. The address was one full of interest particularly to college students because of the example of two men, Raymond Lull and Henry Martyn, both college men, the latter being the highest honor man in his class at Cambridge University. These two college men, during part of the nineteenth century when the Mohammedan attitude toward Christians was especially severe, rendered unselfish service to their fellowmen and died premature deaths because of their Christian courage and convictions. To "burn out for God" in service for others was the noble ambition of Henry Martyn and a more excellent example to college men could not be found.

Y. W. C. A.

Miss Mayberry led the weekly meeting of the Y. W. C. A. on Tuesday evening and spoke on the topic, "overcoming hindrances." Following are the chief points brought out in the discussion: There are many and various obstacles in the way of Christian living. Anything sinful in its na-

Schaff Prize Debate.

Continued from first page.

question, would have been more affective had they been given more spiritedly.

Before the rebuttal speeches, Miss Clark, '14, rendered an instrumental solo, which was encored, and after, the college orchestra favored the audience with several pleasing selections. As to the rebuttals themselves, they were of less importance than the direct arguments. The affirmative clearly lost any hope of a favorable decision by failing to attack the system of the negative and showing wherein their own was superior. The best rebuttal was given by Miss Brooks.

The decision of the judges, J. L. Eisenberg, Royersford, Pa., A. Clarence Emery, Esq., Norristown, Pa., and Prof. Robert E. Laramy, Phoenixville, Pa., went unanimously to the negative. Miss Brooks, '12, received the first prize of ten dollars, E. B. Jacobs, '13, the second prize of five dollars, and Albert Holt, '14, the third prize of two and one-half dollars. It is the custom of Schaff Society to award the prizes to the winning side.

As a criticism of the debate in general, it might be said that both sides took more time in portraying the evils of the present system than in presenting plans of construction. On the one hand, the affirmative failed to refute the negative, on the other hand the negative waited until the last few minutes of the last speech before showing the advantages of a substitute system over that of the affirmative. Again, the question was not a good one, and it is surprising that the affirmative did as well as it did.

Group Meeting.

The Latin - Mathematical and Mathematical-Physical Groups held their regular monthly meeting last Tuesday evening. Prof. Clawson gave an excellent exposition of English Art. In addition to this two other papers were read: "Flemish Art" by Miss Sabold, '14, and "Tunnels" by Barthro, '14. Interesting discussions followed the papers, while a pleasant social hour and refreshments completed the meeting.

Tennis Tournament.

At a meeting of the Tennis Association on Thursday it was decided to hold a general tournament among all the members of the association. The conditions of the contest are that only members of the association who have paid their dues up to this spring and have never won a prize from the association are eligible. There will be two prizes offered, one for the young ladies and one for the young men of the association. It has not been decided what these prizes will be, but in all probability they will be tennis rackets of the same quality that have been offered heretofore. It is to be hoped that all the students and others interested in tennis will make use of this exceptional offer, as all will be given an equal chance in the tournament. The semi-finals will be held some time during May with the finals during the last two weeks in May.

LOCAL NOTES

Boyer, of the Varsity pitching staff, was hit on the hand by a ball during practice on Monday and had to have that member treated. He expects to be back in the game within a week.

F. T. Krusen, Eli Wismer, R. R. Umstead, all of the class of 1909, and Miss Mabel Knaues, ex-'10, were among those attending the Schaff Prize Debate.

Matlack, '13, gave an illustrated lecture on the "Life of Christ" in the Masonic hall in Trappe, under the auspices of St. Luke's Club.

The Business and good will of Thompson Brothers, for 19 years the College Printers, has been bought by the INDEPENDENT PRINT SHOP.

Typewriters Given Away

The Emerson Typewriter Company of Woodstock, Ill., have recently given away over 400 of the highest grade, wholly visible Emerson Typewriters made in the world. They have gone into every state and territory in the United States. There may be some in your town. They are giving them away everywhere to men, women, boys and girls, over 18 years of age, on surprisingly liberal conditions.

If you could make any use of a \$100.00 typewriter, providing it did not cost you even one cent, then in a letter or on a postal card addressed to Frank L. Wilder, President, Woodstock, Ill., simply say, "Mail me all your Free Offers," and by return mail you will receive their Free Offers, the names of over 400 who have recently received typewriters free, and you will learn on what easy conditions you can get one of their typewriters free right away.

The Emerson Typewriter is one of the highest grade, wholly visible typewriters made in the world. Many who have used the "EMERSON" and other makes pronounce the "EMERSON" superior to any \$100.00 typewriter on the market. It is a wholly visible machine, has every new, up-to-date feature, looks like other high grade \$100.00 typewriters, though it is selling just now at an astonishingly low price and on terms of no money with order, trial free in your own home. Nothing to pay at first, and after a thorough trial, to cents a day until paid. The "EMERSON" has every new improvement, universal keyboard, back spacer, tabulator, two-color ribbon, everything the best; is the ideal machine for beginners as well as for the most expert typists and stenographers; just the typewriter for the smallest or largest office.

If you could possibly make any use of a high grade typewriter, even though it didn't cost you one cent of money, or if you would like the agency in your town on a plan by which you could make big money, or if you would like a position with the company, then be sure, on a postal card or in a letter addressed to "Frank L. Wilder, President, Woodstock, Ill.," say, "Mail me your Free Offers."
