

Amish were a conservative branch of the Mennonites, dissenters of the 17th century, who fled from the religious persecution of Europe, and with the financial aid of the Eng. Quakers, began to take up land in this country about 1662

The Mennonite landlady of a tourist's lodge in Belleville was asked whether there were any Scotch-drum left in Belleville. "No," she replied, "the only foreigners in Belleville are one family of Italians."

One railroad, the Kishacoquillas Valley, facetiously called the "Hook and Eye" actinic rays the sun - - - -

The Amish proper have no church
