Re: Documents on Dowsing Rods and Pendula

Ref: Letter from 8/24/40 to the Curator, SS-Standartenführer Professor Dr. Wüst

Dear Comrade Brandt,

On behalf of SS-Standartenführer Professor Dr. Wüst I am informing you that he spoke personally with Dr. Lutz on this matter on 8/29/40, and therefore a response on your part to SS-Untersturmführer Dr. Lutz is no longer necessary.

The position on the necessity and scope of the ban on the documents, which we gave to the Head of the Sicherheitspolizei and the SD, you can see in the carbon copy of our letter from 11/20/40.

Heil Hitler!
