Volleyball Team Wins Division "A" Champ

By MARGARET HOBRECK

The University of Illinois at Urbana-Champaign

The Urbana-Vollcorch in their first year

were among the best in the country.

The team won the Pennsylvania

State University at State College in

Volleyball championship.

The Urbana team was victorious,

winning the championship game by a score of 25-20.

The team was led by Coach

Dr. John H. Richter, who is in his second

year as head coach of the Urbana

Volleyball team.

Dr. H. G. Richter has

been a member of the

University of Illinois faculty

for the past five years.

In recent years, he

has been involved in

research on the physiology

of athletes and the effects

of exercise on the body.

Dr. Richter is also

a member of the

American College of Sports

Medicine and the

International Society of

Sports Biologists.

Pride and Perseverance

Last Saturday, the football program of Ursinus College faced a test. The players, the coaches and everyone associated with UC football faced the test, not only in the form of an encounter with Dickinson's Red Devils, but in the form of a much tougher test, a test of pride.

On the previous Saturday, the team had suffered a very humiliating defeat at the hands of powerhouse Widener 40-0. During the following week, discussions among players, involving rumors of changes in personnel, conveyed a generally strong attitude of discontent. Predicted losses to Franklin could really win. The team was really proud of what they had achieve.

The players could have given up all hope for victory. The coach and his staff could have decided to lose. But the team did not. They passed. Perseverance in the face of adversity resulted in a victory even in the loss. The team demonstrated it was a "team." Our Red Devils last Saturday! The statistical dominance of Dickinson by our team was evident. The "team" cannot and does not exist without the support of the "team." That is what made it really win. The "team" that realized last Saturday that all that was needed was pride.

Forum Review:
Ambassador Discusses U. N.

BY CATHERINE L. MCCARTHY
On Wednesday, November 4, the Ursinus student body gathered in Winner Auditorium to hear the third behind-the-scenes discussion, "Ambassador Charles W. Yost." The topic discussed was the "United States' Role in the United Nations," and Ambassador Yost is specifically qualified to speak on this subject. A 35-year veteran of the United Nations, Ambassador Yost served as the permanent United States representative to the United Nations until shortly after the Vietnam War. He is a retired from this post and is presently a lecturer in foreign policy at Columbia University School of International Affairs and is the counselor to the United Nations Association.

Ambassador Yost defined the United Nations as a loose association of sovereign nations with the power to recommend peace-keeping resolutions, but without the right to pass binding legislation. He stressed that the United Nations, in the United States, means the 54 nations of the world and the problems of the world and the solution to the problems. The United Nations is really a tool to help the world solve problems. It is not a tool to help the world react to them. It reflects a very clearly the world as it is, not as we would like it to be. The United Nations can give support if and when the United Nations can help solve problems of international concern. Three problems that can be eliminated by the United Nations are: (1) the United Nations can help solve problems of the United Nations; (2) the United Nations can help solve problems of the world and the solution to the problems. The United Nations is really a tool to help the world solve problems. It is not a tool to help the world react to them.
A New Light On Lantern
By the Lantern Staff
You have seen those posters around campus saying, “Contribute to the Light of Ubu Roi!” Right? This is a part of a larger and more meaningful campaign, one which we hope you will support.

The play was meant to be an incoherent series of ideas, to reflect the absurdity and futility of life. But upon further reflection, we come to realize that it is not only a Blakean epic, but also a great human document. The play is a record of the struggles of man to understand, to communicate, to live.

The play is a series of fragmented scenes, each dealing with some aspect of the human condition. It is written in a style that is both humorous and profound, and it is full of insight into the nature of human experience.

The play is a record of the struggles of man to understand, to communicate, to live.

BY GEORGE GEIST

The Bears, after coming off a disastrous season, have a team that has played a tenacious defense and an improved passing attack in leading to their third straight victory over the Red Devils of Dickinson. 14-9 in another A.C.C. Southern Division encounter.

Featuring a strong pass rush by Kevin Geist, Bob Dandridge, Alan Golin and excellent secondary play by Matt Gordon, Bill Billiott, Bill Billiott and others, the Bears' defense limited the Red Devils to only 175 and 177 first downs.

The Red Devils' offense demonstrated that it was not to be outdone as its first drive of 68 yards in only 7:23 was capped by a 1-yard plunge by halfback on a 1-yard plunge, the series of which began with a yard toss from Dickin-son's quarterback Larry Johnson to veteran receiver Bernie Driscoll.

After an exchange of long, but unsuccessful drives, the Bears

BY JORGE SARACO

The play (or lack of it) of the Ursinus football team has been a much conversed topic this fall on the Ursinus campus. Bill Masciulli and Bob Molarz, the son's to veteran receiver Bernie Dris-

Disaster imminent!

By C. BECHTOLD

After losing their first four games of the season, the Bears were being written off as a season-long disappointment. But then the Bears won three of their last four games, including an 8-6 victory over Defiance College. That victory brought the team's record to 3-3, and they are now looking forward to their final game of the season against Springfield College.

IRISH STUDIES

By Andrew Schwartz

The Irish tradition is something less a real and complicated entity that repays study for its own sake.

Registration is open to undergraduate and graduate students from other colleges and universities, as well as from Temple. A maximum of 20 students will be accepted for the seminar.

For more information, contact Thomas Kinsella, Department of English, Temple University, Philadelphia, Pa. 19122, or telephone (215) 765-3377.
