Students Welcomed at Inauguration of Pettit

By LESA SPACEK

On November 15, the dawn and first rays of light illuminated the campus of Ursinus College, as usual.

The New President Dr. Frederick Ness will then give the address. Eleven evening school stu-dents and two day students are receiving degrees. Two Honorary de-grees were granted to Dr. Ness and Judge Ditter.

Approximately one hundred to two hundred special guests are being invited. These include the students of the college and members of the faculty. The student body is invited also.

Costs Minimized

The list of special guests has been kept to a minimum for this inauguration. Since the academic year is already underway, Dean Pettit thought it wise to keep down the costs of the inaugu-ration. The money saved will then go towards the furnishing of the Founder's Room in the new Myrin Library.

After the ceremony, a tea will be served in Wissman. All members of the college community are invited.

Dr. Rice Honored By Swedish King

Dr. Allan Lake Rice, of the Department of Germanic Languages, enjoyed the unusual honor last summer of being knighted by the King of Sweden, Gustav VI Adolf.

In the words of the telegram of nomination, "the King of Sweden has bestowed on you the Royal Order of the North Star... This well-deserved distinction is in recognition of your fine and selfless interest in the Swedish Cultural exchange program."

Dr. Rice considers his honor also reflected on Ursinus College, graduate at the University of Pennsylvania, and on his Swedish wife. Rice has been a member of the faculty for more than 20 years. He is considered a two-credit course and Swedish looked like something out of the ordinary in Rice's schedule. He has studied the language and studied it for three years. After college he kept up his love of Swedish and it proved very valuable during the war when he was sent to Stockholm as Assistant Naval Attaché at the Swedish Legations in Sweden and Finland. He spent three years in Sweden, during which time he married his Swedish wife.

On the 8th, 9th, and 10th of November, Protheatre will present the first production of the year, Zopo; "Julius Caesar." The play is one of the plays presented by Protheatre, the student theater group. The play is based on the lives of Julius Caesar, the Roman general and statesman.

On the 9th, the play will be presented by Protheatre, the student theater group. The play is based on the lives of Julius Caesar, the Roman general and statesman.

Protheatre Presents Zopo; "Julius Caesar" To Follow

SLOPPY RIOT  

Dear Alan,

From the heights of our newly- won responsibility, we debate the impetus of our weekly, the Ursinus Bulletin. Why were there nolynings? Why were there no protests? Why was there no one at all? Why aren’t we getting our alumni bulletins?

Yes, there is a peculiar assumption, a peculiar protest movement. And the existence of such a movement here, and the things for which it was initiated are the symptoms of this assumption: that except in his own academic affairs, the Ursinus student is not considered a responsible person by those who govern the community.

Lack of Confidence

Let me illustrate with an example from my dealings as Weekly News Editor and reporter. In this capacity, I spoke with President Helfferich on the subject of the protest march to Father’s Garden. In my attempt to elicit insight into the course of action which the demonstrations had triggered, all this to the purpose, as I explained to the President, of dispelling misinformation, which was, at the time, plentiful. The President responded candidly and even allowed me to note his comments unless he could see it in its final article. But by now your radical impulses (if you, the reader, are a student) have flared with thoughts of freedom of the press and student action. Among those who govern the community, such thoughts are impossible. Fortunately his comments were not vital to the having achieved an 85 average the previous semester, pursues a independent study as a College scholar, that it will send the student, which will be a Divisional Fellow in June, graduate me in the world to function, hopefully, with the aid of its education as a working journalist, a position which the President of the College considers me inadequate. Am I then to assume that Ursinus will graduate me as an incompetent journalist, that Ursinus will graduate certified teachers whom it does not consider properly trained to teach, that it Will send others of my class to a Divisional Fellow, which a grade will be determined. Further information on the program can be found in the Ursinus College Bulletin.

Though this program of personal tutoring exists here, only three students have been a program of personal tutoring, which exists here, only three students have been in it. Is it not print what he had told me unless he could see it in its final article. But by now your radical impulses (if you, the reader, are a student) have flared with thoughts of freedom of the press and student action. Among those who govern the community, such thoughts are impossible. By JANE SIGEL

Long ago, when the gong sounded for dances in the olden days, the students may have been a bit loose. But with the advent of modern codes of conduct and the more relaxed climate of today, it seems that the students of our college have taken to expressing themselves quite differently.

Unofficially, the students are now said to be "flawless," but it is likely that the term is being used in a more positive sense. The students are now more likely to express themselves in a serious and thoughtful manner, which is a welcome change from the wild and woolly days of the past.

It is hoped that the students will continue to express themselves in a way that is both respectful and meaningful, and that they will continue to make the college a place where all can feel welcome and included.

Bears Edge Swarthmore In Homecoming Triumph

Thank you, Gary Greenburg. You spared the world several thousand hours of studying. Of course, his game-saving grab late in the fourth quarter, and many others present would have to have been aware of what was going on. It looked like a very different Swarthmore was on the threshold of the victory drive, allowing the Bears to edge Swarthmore by a 9-7 score. The Garnet looked like an easy victory for the Bears until the fourth quarter. In the opening period the U.C. offense took possession on their own 44-yard line with 1:02 left but the Garnet fumbled the ball on the Bruin 3-yard line and Rob McPherson (U), 30 second effort are the stands and the pressbox. His maneuverability and second effort are unbelievable. Mr. Adriano, we are not going to continue to amaze for the rest of this season, as well as the next two years.

The U.C. running attack is not Adrian alone, however. The two other starting backs, John Stewart and John Tourtelotte, have also performed admirably. Stewart played exceptionally well against Swarthmore, netting key gains in tight situations. The U.C. running attack has also been bolstered by several part-time performers (John Lancaster, Mike Sabricker, others who have come in for a key play or two in each game.

Let us not forget the offensive line. No running attack as successful as this year's can function without excellent blocking. Geoff Mann, Bob Kuss, Ed Beach, Terry Wilson, and Rich Mazza have provided such protection.

Swarthmore has stressed its ground attack because of the personnel present this year. Fine personnel it is.
